### **SHIRE ADMINISTRATION BUILDING GARDENS TO BE OPENED UP**

The gardens on the north side of the Shire of Plantagenet Administration Office have been cleared by the Shire's Parks and Gardens team. The straggly shrubs and ground covers have been removed leaving a line of deciduous trees.

The plan for the front of the building is to open up the area and lay turf. A path will be laid along the front of the building and garden seats will be installed inviting residents and visitors to the town to sit and rest while using the free wifi.

Dominic Le Cerf, Manager Works and Services commented: 'The opening up of the gardens at the front of the Shire Administration Building is intended to help create an inclusive environment.'

For more information contact the Works and Services Department at the Shire of Plantagenet on (08) 9892 1111.
