

MIRACLE CURE

Stopping for a cup of tea and a chat could save your life.

That's the simple message Driver Reviver volunteer Elsa Drage wants drivers to understand over the September long weekend. A longtime member of St John Ambulance and a stalwart of the Shire of Plantagenet RoadWise Driver Reviver, states 'More people should be taking a break, especially at night'. 'We try to encourage drivers to stay and relax a little. That's the whole idea of driver reviver,' she said.

Ms. Drage, who has volunteered for over five years, encouraged others to donate time at the driver rest stops. 'We have a good old laugh and get to know people', she said.

'I love to help and we hope that we can save someone's life'. Ms. Drage emphasized she could notice a significant difference from when tired drivers arrived at the driver reviver station to when they left. 'It brightens them up a bit' she said.

If you would like to become involved and offer your services at the September 2018 Driver Reviver please call the Shire's Works and Services Administration Officer on (08) 9892 1111.
