

## **Mount Barker Skate Park – Ready to Roll**

The Mount Barker Skate Park (bowl) has been out of skate action since March this year after a burning car wreck caused considerable damage to the bowl.

The Shire of Plantagenet has spent some time and effort finding a contractor who was available and suitably qualified to fix the bowl to the required standard. A specialist from Melbourne flew over in the middle of July to start the repair works and the skate park was re-opened on Friday 3 August.

*'We are excited that the skate park is fixed now and ready for use again'* Shire of Plantagenet Chief Executive Officer, Rob Stewart, said: *'it gets very busy after school, on weekends and during school holidays and is a popular venue with our local youth.'*

The Shire is now planning skate clinics and competitions for the previously cancelled sessions, and these events will be advertised once confirmed. Watch this space!
