VOTE 1 for KEN CLEMENTS

The Councilor who listens to what YOU want and gets things done.

I was presented with the prestigious Life Membership of the Western Australia Local Government Association for outstanding service to the residents of Plantagenet.

During my time on council I have always made myself available and listening to the residents. I have successfully championed; The Medical Centre, Sounness Park, CRC/Library, Wilson Park. The refurbishment of Frost Pavilion, Kendenup Agriculture Pavilion, ANZAC Memorial and Lowood Road shopping area. Helped compiled the Shires Federal Government report on senior requirements which helped in the establishment of EPS.

I brought the Bendigo Bank management to Mt Barker to ensure we would always have a bank.

Now more than ever the residents need Councilors who know the pitfalls, laws, bylaws, policies and red tape that stops your request being achieved.

To make sure YOUR VOICE is heard

VOTE 1 CLEMENTS then Woltering 2 and O'dea 3.

VOTE 1 for KEN CLEMENTS

The Councilor who listens to what YOU want and gets things done.

A couple of years ago I was presented with the prestigious Life Membership of the Western Australian Local Government Association for outstanding service to the residents of Plantagenet.

During my time on council, I have always made myself available to all the residents to discuss their wants and desires. I have explained what can be achieved, how we achieve it and bring it to a fruitful conclusion. I have also been honest if something has little chance of being achieved.

The list of requests I have successfully championed and achieved include;

The Medical Centre, Sounness Park, the Community Resource Centre/Library, Wilson Park.

The refurbishment of Frost Pavilion, Kendenup Agricultural Pavilion, ANZAC Memorial, Lowood Road shopping area.

The retention of TAFE.

Obtained the money of the State Govt to pay out the Saleyards loan.

With Cr. Etherington, we compiled the Federal Government report on seniors' requirements in the Shire which helped in the establishment of EPS.

Chaired the group which submitted the Master Trails Plan that culminated in the Mt Barker hill trails being established.

I achieved these and more by listening to the residents.

I also brought the Bendigo Bank management to Mt Barker to ensure we would always have a bank.

With a new CEO and new President, now more than ever, the residents need Councilors who know the pitfalls, can work through the many laws, bylaws, policies, and red tape that makes sure your requests are achieved.

They will need the assistance of honest, experienced Councilors who will bring the **RESIDENTS VOICE** to the discussion table.

To make sure YOUR VOICE is heard **VOTE 1 CLEMENTS** then Woltering 2 and O'dea 3.
