ROAD SAFETY SOS (So Others Survive) EVENT

The Mount Barker Community Resource Centre received grant funding through the Government of W.A's Road Safety Community Grants Program for National Road Safety Week (15 – 22 November).

On the evening of Tuesday 17 November, community members came together for a free, catered event to talk about road safety and how we are all responsible for our own and each other's safety while driving.

The wonderful and dedicated volunteers from St John Ambulance, Shire of Plantagenet Bush Fire Brigade and the Department of Fire and Emergency Services provided personal experiences of the impacts of road trauma on the community and promoted road safety messages about what we can do to stay safe on our roads.

Carl Beck, WALGA Road Safety Advisor, presented the participants with interesting facts and figures relating to road crashes in the Great Southern over the last five years and pointed out that most of the incidents were single vehicle, run-off crashes, which research indicates are usually contributed to by fatigue or distraction.

Our MC, Sergeant David Johnson, from the Mount Barker Police, provided insight into the challenges faced by local police and the types of unsafe behaviour they regularly experience on the roads. Sergeant Johnson's key message was the danger of using a mobile phone while driving. Unfortunately, some drivers continue to put themselves and other road users in danger when they are more focused on their phones than what is happening on the road!

Another issue raised by many of the presenters was the risk that our first responders are placed at when responding to road crashes and other emergencies. Did you know that when you see emergency vehicle lights, you are supposed to slow down to 40kph when passing, whether there has been an accident or the police have stopped a vehicle? This rule is in place specifically to help protect our community volunteers and others who dedicate their time to helping to protect us all.

All personnel recommended downloading the 'St John Ambulance First Responder' app. This app not only gives tips on first aid, but if the GPS on your phone is turned on, this app will be able to give your exact location should you be involved or assisting in an accident.

As we now head into the busiest time of the year on Great Southern Roads with harvest underway and holiday traffic increasing, all community members are encouraged to slow down and enjoy the ride, so we can ensure all road users have a safe trip.

EMPLOYMENT FULL TIME, PART TIME, CASUAL

Shire of Denmark Discover Denmark

Denmark: a happy, healthy and eclectic community that embraces creativity, celebrates the natural environment and is invested in a strong local economy.

COMMUNICATION AND ENGAGEMENT OFFICER (Temporary)

Status: Temporary Part-time position 3-4 days per week, pending the employment of the CEO.

Salary: Salary of \$55,000.00 (pro rata) depending on experience, plus up to 14.5% Superannuation and additional benefits.

Opportunity:

The Shire of Denmark is a high performing local government in the Great Southern. The Shire is an industry leader in terms of workplace culture and employee satisfaction. We are looking for someone to join our team and contribute to the positive workplace already established.

We're looking for someone who will make a significant impact within our Shire by:

- Improving the quality of communication and engagement with the community by moving the organisation towards a best practice approach.
- Improving community satisfaction with Shire consultation, openness and transparency and the communication of a clear vision.
- Working hard to enhance existing relationships within the community and foster new relationships.
- Building a positive social media presence to demonstrate that Denmark is an excellent place to live, work and visit.
- Playing a meaningful role in long-term strategic planning by providing advice to Council, the Executive and Management team that ensures community views and values are incorporated into decision making.
- Being solution focused and having a 'can do attitude'.
- Contributing to a strong team culture.
- Looking for opportunities to innovate.
- Championing the Shire's vision, values and mission statement.

How to apply:

A Candidate Information Package, including an Application for Employment is available from our website or by
