About the Shire of Plantagenet

The Shire of Plantagenet is a local government area in the Great Southern region of Western Australia.

The Shire's administrative centre, Mount Barker serves a wide and diverse agricultural area, including the settlements of Kendenup, Narrikup, Rocky Gully and Porongurup.

The region is noted for agriculture, principally wheat, sheep, beef cattle, canola and olives. Since the 1960's, Plantagenet has become a significant

wine growing area, with a number of vineyards and wine makers in the region. Plantations of Tasmanian Blue Gums have also become a major industry in the shire.

Mount Barker was first explored in late 1829, nearly four years after the establishment of the penal colony at Albany. The penal colony's surgeon Dr Thomas Braidwood Wilson with a small party consisting of two convicts, an Aboriginal guide named Mokare, a soldier and a Mr Kent, Albany's commissariat officer, set off from Albany on 2 December 1829 to explore the hinterland. They reached Mount Barker (which was named after Captain Collett Barker, the settlement's commandant) in late 1829 and then turned west and south reaching the coast near the present day site of Denmark.

Wilson's report on the area was favourable. Upon his return he wrote of one of the local creeks:

'...we observed that its banks were covered with luxuriant grass, sprinkled with yellow buttercups which put us in mind of home' and that the 'gently swelling lightly wooded adjacent hills are well adapted for sheep-walks'.

The first settler into the area was Sir Richard Spencer, the Government Resident in Albany. In 1835 he bought 1,940 acres from Captain James Stirling who had been granted 100,000 acres in the area. This farm was an immediate success and although Spencer died in 1839 his wife continued to operate the farm until her death in 1855.

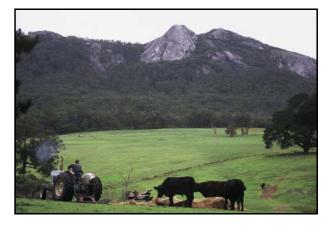

A rough track was eventually established between Perth and Albany which had reached Mount Barker by late 1835 and by 1860 the traffic on the track was sufficient for William Cooper to build the Bush Inn to cater for passing trade.

The Plantagenet Road Board was gazetted on 24 January 1871 as one of 18 elected boards to manage roads and services in Western Australia, and initially included a reasonably large section of the Great Southern Region. On 1 July 1961, it became the Shire of Plantagenet following changes to the Local Government Act.

About the Shire of Plantagenet

The area has always been agriculturally rich. Mixed farming was established towards the end of the nineteenth century and by 1910 there were 75 commercial orchards (mostly concentrating on apple growing) in the area. In 1917 the Mount Barker Fruitgrowers Cool Storage Co-operative was established. It was closed in 1975 and the orchards have largely given way to a thriving grape growing industry with high quality vineyards producing a range of excellent wines.

The Shire has some spectacular scenery such as the Porongurup National Park which lies east of Mount Barker and covers 2,350 ha. The Porongurup Range boasts a number of good walks and unusual rock formations such as Castle Rock and the Balancing Rock.

The Stirling Range to the north is breathtaking, being one of the few true rugged mountain ranges in Western Australia. It is one of the world's most spectacular wildflower areas with approximately 1,525 species of plants, of which 87 are found nowhere else in the world.

The chief historical attraction in Mount Barker is the old Police Station Museum. Built in 1867-68 by a convict road party, it originally consisted of a living quarters, coach house and stables for the police horses. Today it is an unusual thematic museum with each room being a careful recreation of the way the rooms were used originally.

It is with great pleasure that I present to you the 2013/2014 Annual Report for the Shire of Plantagenet. This report provides an overview of the Shire's activities during the year, a year which has presented a number of challenges and opportunities.

The 2013 elections resulted in Crs Brett Bell, Sue Etherington, Len Handasyde, Jeff Moir and new councillor Jon Oldfield being elected for a period of four years. I was very honoured to once again take on the position of Shire President, with Cr Len Handasyde chosen as Deputy Shire President.

Former Councillor Michael Skinner retired from the Council after providing 16 years of service. He was Deputy Shire President from October 2009 to 2013.

Michael was Chair of the Saleyards Committee from February 2008 to October 2013 and Chair of the Audit Committee from December 2005 to October 2013. I would like to acknowledge Michael's considerable efforts for the community as an elected representative.

I would also like to thank former Manager of Community Services, Nicole Selesnew for her contribution over the last 11 years and welcome Fiona Saurin to that important role.

A number of key items projects were progressed during 2013/2014, including:

- \$2.53 million capital road works program.
- Completion of the redevelopment of Sounness Park (\$3.75 million in 2013/2014).
- Completion of on the nature playground at Wilson Park.
- Significant upgrades were undertaken at four waste disposal / transfer station sites.
- Installation of soft floor matting in all selling pens at the saleyards.
- Continuation of additional holding pens at the saleyards.
- Continuation of refurbishment of Shire houses.
- The refurbishment of the Mount Barker war memorial was begun.
- Construction of a half court basketball court in the Kendenup Rail Reserve (this
 project was driven by the Kendenup Community Development Association and
 largely funded by Lotterywest).
- Construction of a new cat pound at the Shire Depot.

Tidy Towns Award

In October 2013, the Keep Australia Beautiful Council Tidy Towns Sustainable Communities Awards were presented in Ongerup. These awards are about much more than keeping towns clean and tidy. The awards recognise towns for their achievements in working towards sustainability, including preserving the culture and protecting the environment and amenity of towns.

While the Shire didn't win the major award, we were happy that the judges thought that 'a huge amount of natural resource management work is being undertaken in the areas surrounding Mount Barker and within the Shire of Plantagenet, due to its location in one of the 13 biodiversity hotspots in the world. This collaborative effort by such a large number of stakeholders is truly spectacular and was worthy of a Special Commendation'.

Sounness Park Redevelopment

I am very happy to report that Stage 1 the redevelopment of Souness Park was completed on 16 March 2014. This project is one of the biggest undertaken by the Shire in its history and is a fitting tribute to the Sounness family who gifted the Sounness Park land to Shire for the purpose of 'the prime facility for sport and recreation'.

Stage One comprises new clubrooms and change rooms and the refurbishment and lighting of Sounness Oval. The \$6.2 million budget was supported with funding from commonwealth and state government programs and also Lotterywest for part of the fitout. The total grant funding component was over \$4.8 million.

A huge amount of work has been done to secure funding to that degree and to ensure that the requirements and timelines required by all the funding bodies have been adhered to. There was an issue with the Country Local Government Fund grant of \$593,798.00, which was not forthcoming due to State Government cutbacks. These funds had already been committed to the project and needed to be raised elsewhere, which was only possible due to the healthy state of the Shire's finances. Thankfully, the grant has been reinstated for Stages 2 & 3 of the Sounness Park redevelopment, which will include a new hockey ground and cricket oval.

The Mount Barker Football Club has leased the clubroom space for a three year period. During the lease period the Club is working with other local sporting groups on the formation of a Combined Sporting Association to take over the management of the facility from the Football Club to ensure broad community involvement and support.

Mount Barker War Memorial

During the year, the Council decided to make some improvements to the Mount Barker war memorial. There wasn't very much room for people to stand due to overgrown trees and the area was looking quite outdated. The Shire formed a working group to make recommendations to the Council on the proposed redevelopment of the war memorial site. The working group was made up of members of the RSL, councillors, a community member and two community college students, together with Council staff. As at the end of June, works had begun which will be a big improvement to that key entry to the town.

Wetlands Project

During the year, it was with some disappointment that the Shire decided not to proceed with the Mount Barker Wetlands Project. The aim of the wetlands project was to turn an unsightly, unsafe and environmentally damaged area into a site that people want to visit and create a welcoming entrance into town.

Unfortunately, Brookfield Rail imposed fencing requirements along both sides of the railway corridor adjacent to the wetlands development. This resulted in additional costs and reduced visual appearance. The Council decided not to proceed with the full project and simply install and backfill a series of drainage pipes within the existing open trenches. The RSL Memorial component of the wetlands project was relocated to the Mount Barker war memorial.

Local Government Reform

As chairman of the Great Southern Zone of the Western Australian Local Government Association, I can report that a lot of discussion in the last 12 months has focused on local government reform in the metropolitan area. This will represent a big change to the industry of local government and will potentially have a large impact on rural local government as well.

Since the announcement of metropolitan local government reform in July 2013, the Premier has indicated that reform would move to country local government following its implementation. This indication by the Premier gives an opportunity for the sector to determine a position on reform in advance. Local governments have expressed a desire to self determine where the sector wants to position itself. I have recently been successful in nominating for membership to a Local Government Association Country Reform Policy Forum, which will scope the various options or opportunities available for reform, to present to the Government.

Regional Co-operation

The Southern Link Voluntary Regional Organisation of Councils (VROC), made up of the Shires of Broomehill-Tambellup, Cranbrook, Kojonup and Plantagenet has continued to work well. This is not only on a formal level but also on a less formal level, especially between staff and their willingness to not only share equipment but also expertise and experience.

The Shire has progressed a number of initiatives including a regional archive repository and a regional waste transfer station project. The concept for the new archive repository involves each of the four member councils being allocated storage space within the former Shire of Broomehill administration building for archiving of records. This has resulted in an under-utilised building received a new lease of life and will provide a much needed resource for the member councils.

Australian Early Development Index

Last year I reported that the issue of Plantagenet's low score on the Australian Early Development Index (AEDI) came into focus. The AEDI is a population measure of young children's development. It creates a snapshot of children's development in communities across Australia and is linked to the predictors of good adult health, education and social outcomes. This year, meetings have been held to progress this issue and in March 2014, an AEDI Forum was held at the Community Resource Centre. It was a well attended meeting with approximately 40 people in attendance representing many Government departments and private bodies providing services to early childhood.

Asset Management

Over recent years, a lot of work has been undertaken to implement a new Corporate Business Plan for the Shire, which incorporates improved management of Shire assets. Asset Management is about the Shire having the necessary plans in place to ensure that funds and resources are on hand at the optimum time to renew and replace assets before they wear out and threaten the ongoing delivery of services.

Unfortunately, this has happened too late for the Rocky Gully Hall. During the year, the Council decided that the hall should be demolished. It is deteriorating quickly and its asbestos construction poses a health risk to the community. The electrical system in the building is also dangerous and the building has had to be closed. At this stage, no funds have been allocated for the demolition.

Anzac Commemorations

The commemoration of 100 years since the first convoy departure from Albany to the First World War is being celebrated from 30 October to 2 November 2014. Tourism WA has estimated that as many as 75,000 visitors will be attending this unique event. Accommodation premises in Albany are fully booked for this event and there will be the need for more accommodation over a two week period.

A lot of discussion has taken place about how the Shire may contribute towards this event. It is highly likely there will be the need for B&B accommodation for those visitors without caravans and/or motorhomes. With tourist accommodation in Albany being fully booked, this Council has taken the initiative to ensure there is overflow accommodation in the form of B&B accommodation available for the period.

The Council to allow home owners to make a room or rooms in their home available for visitors as B&B accommodation for a maximum of four guests, for the two week period commencing 25 October 2014 and concluding on 9 November 2014. Owners will not be required to apply for the usual Planning Consent.

Town Planning

The Council has achieved a lot in the area of town planning this year. A review of the Shire's Planning Vision has been carried out to ensure the document is up to date. The Planning Vision was originally adopted by the Council on 9 March 2010. It is a critical document in the long term planning of the whole Shire and looks at all aspects to guide growth and development well into the future. The time frame for this Planning Vision will be for the next 10 to 20 years and beyond.

The Council has also initiated an amendment to Town Planning Scheme No. 3 to rezone 28 lots in Mount Barker from Service Industrial to Commercial and Residential (R17.5). With the introduction of the Commercial zone to replace the Service Industrial zone, there are several land uses which will no longer be permissible. These are uses such as automotive repairs, builders storage yard, fuel depot and the like. Other uses will become permissible including bed and breakfast, consulting rooms, craft shops, eating houses, grouped dwellings etc.

Existing land uses that may not be permissible in either the Commercial zone or Residential zone can continue to operate under the Non-Conforming Use provisions of the Scheme. Over time, some of these sites may be redeveloped with conforming land uses considered to be more appropriate to the centre of Mount Barker.

Conclusion

As Shire President, I have had the pleasure of attending many different activities and events in the last 12 months. We are very lucky to have a vibrant community which can develop and support a myriad of events in one year such as:

- September 2013 Red Cross 50th Anniversary Rally.
- September 2013 11th Southern Art Trail at Galafrey Winery.
- September 2013 Plantagenet Arts Council Awards.
- October 2013 Qantas Mount Barker Wine Show. The Shire of Plantagenet and the town of Mount Barker were praised numerous times during the evening for their contribution and support over the last 36 years.
- October 2013 Plantagenet Wine's 40th Anniversary of their first vintage.
- November 2013 Plantagenet Community Fair.
- November 2013 60th Anniversary of the Plantagenet Players.
- January 2014 Grapes and Gallops at Frost Park.
- January 2014- Australia Day Awards at the Rotary breakfast. The recipients were Heather Adams, Tilly Johnston and the Committee of the Mount Barker Community Fair.
- April 2014 Volunteer's Day at the Sounness Park Precinct.
- April 2014 Art in the Park and other events in Porongurup. Most of the venues were crowded with tourists.

As always, I take this opportunity to publicly thank my fellow councillors and the staff for their continued efforts. Your Councillors, staff and I are here to support local residents and to achieve good strategic outcomes on behalf of our community.

Cr Ken Clements Shire President

Rende

Chief Executive Officer's Report

A refreshing (and challenging) aspect of being CEO of a local government such as the Shire of Plantagenet, is that there is no concept of 'marking time'.

Planned projects may still be underway but that doesn't prevent the call for 'what's next?'.

Success in local government, especially rural local government, depends on the amount of grant funding that can be accessed.

The call for 'what's next?' means that Council staff will, more or less constantly be in a planning phase, so that we can be 'shovel ready' should funding appear.

More and more, both Federal and State Governments, when making grants available, are looking for quick results and therefore 'shovel ready' projects are more likely to gain focus.

The Council's long term planning enabled funding to be secured to finalise Stages 2 and 3 of the Sounness Park project. The change in Federal Government in the September 2013 election resulted in previous agreements which had yet to be ratified with a signed contract being jeopardised. However, with plans in place, the Shire was able to secure the funding. Without this funding Stages 2 and 3 would not have occurred.

Similarly, with the cessation of the Local Government component of Royalties for Regions, expected funds were withheld from the Council.

Although subsequently re-instated, those funds had to be used for a different purpose and some Councils that weren't 'shovel ready' found it difficult to justify the new funds.

Plantagenet, due to its planning, successfully bid for those funds.

Overall the Sounness park project has resulted in the attraction of three external dollars for every one internal dollar spent.

As mentioned earlier, grant funding must be attracted to undertake community infrastructure projects. Without such external funds Councils would be forced to borrow funds and/or raise rates. Both of these methods have effective limits, either statutory or ability to pay.

Increasingly such grants are made available to projects with a 'regional' component. That is, what portion of the project will benefit neighbouring council districts?

There is little doubt that the 'regionalisation' of rural local government is very much at the forefront of thinking by the State Government.

The industry of local government therefore continues to change under the banner of Structural Reform and our planning and our conduct with our neighbours continues to reflect this.

EXECUTIVE SERVICES

Governance

An ordinary election for five positions of councillor was held on 19 October 2013. Crs Brett Bell, Sue Etherington, Len Handasyde and Jeff Moir and new councillor Jon Oldfield were declared elected for a period of four years. Former councillor Michael Skinner did not stand for re-election.

Cr Skinner being presented with a record of his service (With CEO Rob Stewart and Shire President Ken Clements)

The newly elected Council adopted a four weekly meeting cycle, as a middle ground between three weekly meetings and once a month meetings. Four weekly meetings held on a Tuesday provide a more even distribution of meetings throughout the year.

At a Special Meeting of the Council held on 29 October 2013, the Council reconstituted its Saleyards Advisory Committee with the committee membership set at three councillors and one other industry person. Former councillor Michael Skinner was subsequently appointed as a member of the Saleyards Advisory Committee as the 'Other Industry Person'.

The Council changed the name of the Audit Committee to 'Audit and Risk Management Committee' to better reflect the statutory duties of the Committee.

The Council established a formal Heavy Plant Committee to review Policy I/PM/1 Plant – General Policy and make recommendations to the Council regarding:

- a) Specifications of heavy plant;
- b) Type and number of heavy plant;
- c) Maintenance Regime;
- d) Optimum replacement;
- e) Operator efficiency and productivity; and
- f) Disposal of heavy plant.

Citizenship Ceremonies

Five ceremonies were conducted for during the year, which conferred Australian citizenship on 11 residents.

New citizens with the Shire President, Cr Clements

Administration

Property Transactions

- The Council leased the brick and iron hut and radio mast located on Reserve 44652 (Location 7761) Mount Barker Hill to Mr Bevan Lang.
- The lease of the canteen at the Mount Barker Regional Saleyards on Portion of Lot 3 Albany Highway, Mount Barker was awarded to Mrs Evonne Mitchell for three years.
- An amended lease agreement was entered into with the Kendenup Country Club Inc for Reserve 41498, being Location 7675 Beverley Road, Kendenup.
- A licence agreement with the Mount Barker Toy Library Committee was renewed for a further one year term, for the use of Lot 8 Marmion Street, Mount Barker for Toy Library purposes.
- A Memorandum of Understanding was entered into with the Kendenup Community Grounds Committee Inc and the Kendenup Community and Recreation Centre Inc regarding the planning and construction of a community facility at the Kendenup Agricultural Grounds.
- An amended lease agreement was entered into with the Mount Barker Tennis Club for Lot 52 Lowood Road and Portion of Lot 149 McDonald Avenue, Mount Barker for the tennis club.
- A new lease agreement was entered into with Wanslea Early Learning and Development for Lot 7 Marmion Street, Mount Barker for the purpose of a child care centre.
- The Council endorsed a land exchange and land transfer of Lot 623 and Lot 503 Lowood Road, Mount Barker, in order to rationalise the boundaries of the land in the vicinity of the Council's administration building.
- A lease was entered into with the Mount Barker Football Club Inc, for the Sounness Park Clubrooms, part Lot 150 McDonald Avenue, Mount Barker.

 Authority was given to enter into a sublease agreement with Mount Barker Tyre and Exhaust and Mal Jones and Co for Lot 6 Lowood Road, Mount Barker for the purpose of a public carpark.

Asset Management

In the past, like many local authorities, the Shire has met community needs through investment in creation of new infrastructure without recognising the long-term life cycle costs associated with the ongoing operation, maintenance and renewal of the infrastructure. Improving the management of infrastructure can bring major benefits by ensuring that scarce resources are used in the most cost effective manner.

The Shire of Plantagenet is committed to ensuring that Asset Management is recognised as a major corporate function within the Council and making informed decisions in relation to its assets. To achieve this, the Shire has commenced the preparation of Asset Management Plans.

In 2010/2011, the Shire received a sum of \$70,000 from the Department of Local Government to help with Asset Management Capacity Building. A consultant asset management firm was engaged to prepare an Asset Management Strategy and Asset Management Plans, which are nearing completion.

Asset Management Plans will assist in defining the level of service to be provided and will be used to help make informed decisions in relation to considering the need to maintain or renew existing assets, acquire new assets, upgrade existing assets or dispose of assets to support service delivery. Asset management plans will also link to a long term financial plan setting out what resources can be allocated in the coming years.

At its meeting held on 25 May 2013, the Council adopted a Stage 1 Asset Management Plan that meets basic requirements. It is based on a compilation of existing information from across the organisation. There are a number of information and process gaps that need to be filled over time to produce a more comprehensive plan. A number of recommendations cover the identified gaps and the outcome of the financial modelling.

Further work is being undertaken in regard to asset condition and survey reports for Shire roads and a Shire wide gravel re-sheeting program. This work will assist the Shire in developing Stage 2 Asset Management Plan for road assets. Stage 2 Asset Management Plans will eventually be required for buildings, parks and reserves, waste disposal sites and other assets (including saleyards, cemeteries and radio masts).

Audits and Compliance

The 2013 Compliance Audit revealed no areas of non-compliance.

In February 2013, a new regulation (Section 17) of the Local Government (Audit) Regulations was promulgated. This regulation requires a review of the appropriateness and effectiveness of systems and procedures in relation to risk management, internal control and legislative compliance at least once every two calendar years and to report to the Audit Committee the results of that review.

In response to this, the Shire has currently adopted new policies and procedures for legislative compliance internal control and will work towards improving its risk management culture.

Occupational Health and Safety

Workplace safety and health practices were a continued focus throughout the year. As an employer, the Shire of Plantagenet has a responsibility to maintain a safe working environment under the provisions of Occupational Safety and Health Regulations 1996.

The Shire continued to work with the Regional Risk Co-ordinator to update procedures and processes to ensure ongoing compliance with the Silver Certificate of Occupational Safety and Health (OSH) status.

Staffing

The 2013/2014 year saw a number of staff changes.

In Corporate Services, Jane Gibson (Customer Service Officer) and Rachel Handasyde (Telephonist) switched positions in October 2013, which saw Jane move into the role of part time Telephonist while Rachel continued to act as the other part time Telephonist and on alternate weeks, filled the vacant position of Customer Service Officer created by Jane's move. Jane tendered her resignation in April 2014 and was replaced by Lisa Clarke. In June 2014, Rachel Handasyde left the Telephonist position to take up a job share position in the Works and Service department and was replaced by Vanessa Hillman.

In the Works and Services Department, Vanessa Ward, who had been relieving in the role of Senior Administration/Project Officer while Megan Beech was on a period of parental leave, tendered her resignation in September 2013. Amy Chadbourne (Administration Officer Works and Services) stepped into the role on a temporary basis until Megan was due to return. In April 2014 Megan advised that she had decided not to return to work and Amy was appointed to the role on a permanent basis. The part time job share position of Administration Officer Works and Services left vacant by Amy's move was filled by Rachel Handasyde.

In Executive Services, Abbi Saunders (Administration Assistant) resigned in April 2014 and made the move to Perth. The position was removed from the Staff Establishment Chart and duties, particularly Occupational Health and Safety administration, were shared among other staff.

In the Community Services Department, Isabelle Draffehn, who had been relieving for Rayona King (Administration Officer) was appointed to the position of Community Development Officer on a permanent full time basis after Rayona advised that she would not return on a full time basis after a period of parental leave. Rayona continued to perform casual work for the Shire and in May 2013 was offered the part time position of Relief/Administration Officer. April 2014 also saw the resignation of Nicole Selesnew (Manager Community Services) who left the Shire of Plantagenet to further pursue cheese making opportunities. Nicole was replaced by Fiona Saurin.

At the Recreation Centre, Michael Gaffney made a move to Bunbury in July 2013 and was replaced briefly by Michelle Headley and then by Darren McDonald in March 2014.

At the depot, staffing remained relatively stable during the 2013/2014 year with only one departure. Gavin Watson (General Hand Parks and Gardens) resigned in March 2014. As at the end of June 2014, the position was being advertised.

Strategic Community Planning

All local governments are currently required to produce a plan for the future under S5.56 (1) of the Local Government Act 1995 (the Act). Regulations were made under S5.56 (2) of the Act in August 2011 which changed the minimum requirements to achieve this.

Councils have been advised that by 1 July 2013, they will need to deliver the following outcomes as part of the new strategic planning framework:

- A long term strategic plan that clearly links the community's aspirations with the Council's vision and long term strategy.
- A corporate business plan that integrates resourcing plans and specific Council plans with the strategic plan.
- A clearly stated vision for the future viability of the local government area.

At its meeting held on 12 June 2012, the Council adopted a Strategic Community Plan for the period 2012 – 2022, which followed an extensive public consultation process.

Changes were sought to the Council's adopted Strategic Community Plan by the Department of Local Government and therefore a new version of the Plan starting from 2013/2014 was developed and adopted by the Council at its meeting held on 25 June 2013.

In addition to the Strategic Community Plan, the Council also adopted a more detailed, four year Corporate Business Plan, which also incorporates the following documents:

- Asset Management Plan (Stage 1);
- Long Term Financial Plan 2013/14 2022/23; and
- Workforce Plan 2013/14 2017/18.

The Shire's progress in delivering the actions and tasks in the Corporate Business Plan is detailed in the Corporate Business Plan section of this Annual Report.

Records Keeping

Works have now been completed at the former Shire of Broomehill administration office to provide a dedicated repository for the long term storage of Council records for the Southern Link Voluntary Regional Organisation of Councils (VROC) while still allowing for Shire of Broomehill-Tambellup services to be provided from the site.

Opening on 6 November 2013, the facility meets the requirements of the State Records Act 2000 for the storage of the archive records of the four member councils of the VROC. Shire of Plantagenet records were transferred to the facility in January 2014.

Shire archives at the new repository in Broomehill

CORPORATE SERVICES

Finance

A significant issue dealt with in this financial year was the impact of changes implemented by the State Government regarding the Country Local Government Fund (CLGF), which have created a situation such that the final payment (allocated for Stage One of Sounness Park) in the amount of \$593,798.00 was not made.

As these funds had already been committed as part of the contractual obligations for the completion of Stage One of Sounness Park, the funds needed to be raised elsewhere. In an already tight budget situation, there was some difficulty in finding such a large amount of money through reallocation and without borrowing. The money was eventually found from reductions in some capital works projects, other unbudgeted income and from reserve funds (for which a formal change of use of reserve funds was required).

In March 2014, a Financial Management Review of the Shire was carried out by Lincolns Accountants and Business Advisors. This review is designed to test the financial management systems of the Shire and to report on the appropriateness and effectiveness of the control environment within as required by Local Government (Financial Management) Regulation 5(2)(c). Overall the result was very good, with the main issues being the need for some procedures relating to debt collection and credit card usage.

The Shire's operating net result was \$3,934,062 in 2013/2014. Rate revenue increased from \$5.46 million in 2012/2013 to \$5.74 million in 2013/2014. Outstanding borrowings reduced from \$3.72 million in 2012/2013 to \$3.33 million in 2013/2014. At the request of the Bendigo Community Bank, the interest free loan (remaining principal of \$120,000) was repaid in full during the year.

The Council spent \$ 3,296,688 on land and buildings, a significant part of this being the Sounness Park clubrooms and change rooms. A total of \$3,885,457 was spent on infrastructure capital works and \$1,869,777 on purchases of plant, furniture and equipment.

The level of reserve funds increased from \$1,194,770 in 2012/2013 to \$1,291,674 in 2013/2014. The level of unrestricted cash at year end fell from \$964,976 to \$412,914 and unspent grant funds on hand decreased from \$695,483 to \$10,432.

The Council received grants and contributions for the development of assets of \$5.98 million in 2013/2014. Total grants and contributions received was \$7.56 million.

Due to changes to Regulation 16 of the Local Government (Financial Management) Regulations, the Shire's land and buildings were revalued at 30 June 2014 by an independent valuer. All of the valuations were made on the basis of observable open market values of similar assets, adjusted for condition and comparability, at their highest and best use. The revaluation of these assets resulted in an overall increase of \$31,874,585 in the net value of the Shire's land and buildings.

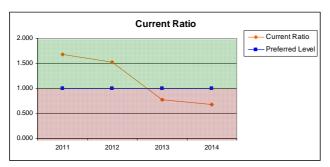

On 19 February 2014, the WA Local Government Grants Commission visited the Shire of Plantagenet. The Commission is a statutory body established by State legislation, the Local Government Grants Act 1978, to determine the allocation of Commonwealth General Purpose Grants amongst 138 local governments in WA.

The Grants Commission is required to keep up with the changing face of local government to ensure that its methods reflect the operations of the industry. As part of this process, the Commission visits approximately 30 local governments each year to hold public hearings. This visiting program provides a valuable opportunity for local governments to inform the Commission of the issues they are facing.

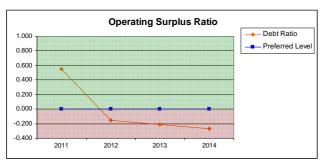

Financial Ratios

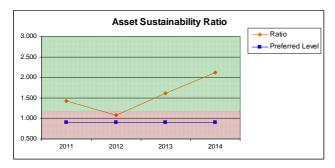

Other changes to Local Government (Financial Management) Regulations established a set of new financial ratios, which are described below:

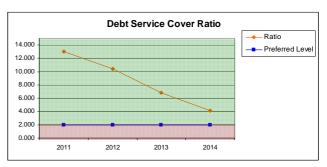

This ratio gives an indication of short term liquidity, or the ability to meet financial obligations when they fall due. The standard is met if the ratio is greater than 1.

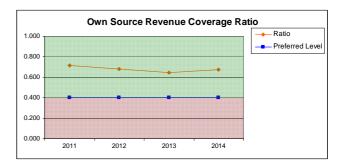

This ratio indicates an ability to cover operational costs and have revenues available for capital funding or other purposes. A basic standard is met between 0 and 0.15. An advanced standard is met over 0.15.

This ratio indicates to what degree the Shire is replacing or renewing existing assets at the same rate that its overall asset stock is wearing out. The standard is met if the ratio is greater than 0.9.

This ratio indicates an ability to repay debts. A ratio greater than 2 is desirable at a basic level and an advanced standard is met if the ratio is greater than 5.

This ratio indicates an ability to cover costs through own source revenue efforts. A basic standard is met between 0.4 and 0.6. An intermediate standard is met between 0.6 and 0.9. An advanced standard is met over 0.9.

Other new ratios were established which cannot be measured retrospectively, as follows:

- Asset Consumption Ratio This ratio measures the extent to which depreciable assets have been consumed by comparing their written down value to their replacement cost. The standard is met if the ratio is greater than 0.5. The standard is improving if the ratio is between 0.6 and 0.75. The Shire's ratio value is 0.188.
- Asset Renewal Funding Ratio This ratio measures an ability to fund projected asset renewal and replacements in the future. The standard is met if the ratio is between 0.75 and 0.95. The standard is improving if the ratio is between 0.95 and 1.05. The Shire's ratio value is 0.970.

These final two ratios have only been audited to the extent that the values are represented in the Shire's Asset Management Plan and Long Term Financial Plan. There has been no additional effort in auditing the veracity of those plans or the figures used to determine the ratios. Further work is required on those plans to ensure that, in the long term, the Shire has adequate information to ensure that its plans are robust and that assets are maintained in a responsible and sustainable manner.

Rates Prize

The annual prize draw for the early payment of rates was again completed by John Howard, Chairman of the local Bendigo Bank. First prize was a \$500 bank account donated by the Bendigo Bank and was won by Norm Frost. Second prize was overnight accommodation with breakfast at Novotel Perth Langley Hotel in Perth and was won by Isabelle and Jaroslaw Okis. Third Prize was a dozen mixed bottles of wine from the Mount Barker Wine Producers' Association. This was won by Heather and Peter Roberts.

Community Grants

The Shire again provided financial assistance grants to not-for-profit organisations for services and projects that will benefit the community. This year a total of \$64,300 was returned to the community.

The inaugural joint community sponsorship evening was held in August 2013. For the last couple of years, the Shire, Bendigo Community Bank and Mount Barker Co-op have been working together to co-ordinate their grant funding processes. The sponsorship provided an opportunity to see what good work is being done throughout the community. It was also a good opportunity for people to see the sorts of things that are attracting funding from the respective organisations.

Policy Reviews

The following Council policies were reviewed during 2013/2014:

- F/FM/10 Budget Preparation.
- OP/HRE/2 Equal Employment Opportunity.
- F/RI/1 Investments.
- A/I/1 Insurance of Buildings on Council Controlled Land.
- I/OA/1 Standpipe Location and Regulation of Water Supply to Users.
- OP/HRP/1 Recognition of Councillors and Staff.
- CE/CS/4 Staff Attendance at External Functions and Reimbursement of Expenses.
- OP/HRS/3 Occupational Health and Safety.
- IT/I/1 Internet and Email Usage.
- I/FM/2 Vehicle Specifications.
- NRM/EI/1 Gravel and Sand Acquisition.
- A/PA/16 Notification to Absentee Landowners Electoral Roll.
- RS/BRTC/1 Lowood Road Promotion Banners.
- RS/EF/1 Use of a Circus Venue.
- RS/ES/1 Disaster Relief.
- A/RM/1 Record Keeping.
- CS/SC/2 Skinner Pavilion.
- F/FM/7 Purchasing and Tendering.
- F/FM/10 Payment of Councillors' Attendance Fees and Allowances.
- A/PA/14 Sporting and Community Organisations Using Council and Vested Land Rateability.

Policies Adopted

- F/FC/1 Concessional Fees and Charges.
- A/L/1 Legislative Compliance.
- F/FM/14 Credit Cards.
- C/IC/1 Internal Control.
- F/FM/15 Debt Collection Policy.

Mount Barker Regional Saleyards

It was another average year for the saleyards in terms of throughput with a total 66,441 head of cattle being processed.

The Council continued with its preventative maintenance program with spring latches on personnel gates being attached at the bottom of the gates. The two weighbridge scanners were sanded and painted to increase their useful life. The entire eastern dirt pen (closest to the office) was also cleaned out.

Some issues arose during the year, which required maintenance attention. The irrigation flow meter blocked up again. A new electronic meter was installed which will not require ongoing calibration. An irrigation pipe butt weld came away which had to be repaired. The diesel pump radiator was re-cored in brass as it had rusted out.

In November 2013 problems were experienced with the NLIS scanners on weighbridge B. This eventually necessitated a technician coming from Queensland to fix the problem. The weighbridge rams failed twice and these incidents took time took repair properly due to the outdated air hose components in use. A number of problems were also experienced with the computer in Weighbridge A, with the hard drive needing replacement. Internet problems have also been experienced, with the plan now upgraded which has improved the speed of transferring sale information to stakeholders.

In February 2014, a long reach excavator was used to remove sludge from the south west pond, with three semi tippers removing sludge. After 51 hours this pond was completely emptied. The top layer of the north east pond was also removed and the silt trap in the dam cleaned. It is estimated that 3,200 tonnes of manure has been removed, which is a great result, as the excess manure has prevented the waste water treatment system operating effectively.

Excavator starting to remove sludge

Excavator completing sludge removal

The Shire purchased a new ride-on lawnmower, which is keeping the compound neat and tidy and now eliminates some need for the slasher. The second stage of the western pens, was finished by the end of the selling year. This completed the outside laneway and gates of west pens and supporting panels.

Mrs Evonne Mitchell took over the lease of the canteen at the Saleyards from the operators of the Mount Barker Country bakery. Mrs Mitchell is providing a great service to patrons.

In March, Odysseus Exercise 2014 was held at the Mount Barker Regional Saleyards Canteen. A number of industry people including Department of Agriculture, vets, agents and saleyard staff were all involved and worked through a scenario situation to combat an outbreak of Foot and Mouth Disease.

It is a strategic aim of the Council to ensure that animal welfare is a high priority. To continue to support this objective, a further batch of soft floor mats was installed in the selling pens in the months leading up to December 2013, which now means all selling pens have soft floor mats. Feedback from buyers is very positive; one buyer in particular has bought more animals out of our yards this year than any other year reportedly that because of the soft floor, there has been no feet tenderness or lameness in any animal he has purchased.

'Surefoot' rubber mats being laid by staff

In November, the Shire had a static display at the Albany Show in the cattle marquee. Six soft floor mats were donated by the suppliers, *Surefoot®*, and a local feedlot won them. This section of the show was well attended, and feedback was very positive.

During the year, the Council adopted the Mount Barker Regional Saleyards - Strategic Plan 2014 – 2023. This plan has been developed over the last two years in response to an Audit Committee request to prepare a business plan which would ensure that the Saleyards enterprise is successful and self sustaining.

This plan provides an overview of the Shire's long term plans for the Saleyards and the actions needed to achieve those goals. It also provides some measures of success. This Plan will be one of the Shire's strategies that 'inform' its Strategic Community Plan and Business Plan. In addition to this over-arching vision for the Saleyards, a detailed Business Plan for the period 2014-2024 has also been prepared, which provides the background and basis for many of the activities proposed.

In May 2013, a two year old child fell from the top walkway onto the concrete near pen 11. The child fell into the raceway where there were no cattle. The Council's insurers, LGIS were asked to advise on risk and insurance implications, including treatment options.

Representatives from the Shire's insurers inspected the Saleyards in October 2013 and the Shire has received the findings. A number of signage improvements are in progress. In addition, the decision has been made that children less than 10 years of age are not be permitted in the selling area and children aged 10 and above are only permitted in the selling area under adult supervision.

In making this decision, the Council has been mindful of its important legal and moral obligations to provide a safe place for workers and visitors to the facility, which has to be foremost in its thinking.

COMMUNITY SERVICES

Community Facilities

Sounness Park Recreation Development

Stage One of the Sounness Park Recreation Development was completed on 16 March 2014. The development took one year and one day to complete, finishing on schedule and on budget.

Stage One comprises new clubrooms and changerooms and the refurbishment of Sounness Oval. The Oval works include the installation of sub-surface drainage, reticulation, competition standard lighting and new turf. Water recycling strategies have been implemented, with all water from the buildings, carparks and oval captured and directed through a water basin to strip excess nutrients from the water prior to recycling the water on to the oval surface.

The \$6 million Stage One budget was supported with funding through the Department of Sport and Recreation's Community Sport and Recreation Facilities Fund and the Royalties for Regions Action Agenda Funding Program, with allocations of \$875,000 and \$1.9million respectively. The Shire allocated \$1,269,297 of its Country Local Government Fund to the project which has been further supported by \$790,000 of Regional Country Local Government Funds. Additional funding was provided through Lotterywest to assist the Shire complete the fit-out of the buildings.

The planning for Stages Two and Three comprising cricket / soccer and hockey facilities is complete and construction is due to start in the next financial year, subject to tender prices being as predicted. Funding has been secured from the Federal Department of Infrastructure and Regional Development of \$1,004,300 and the State Department of Sport and Recreation of \$450,000.

Sounness Park changerooms, clubrooms and oval

Sounness Park changerooms

Centenary and Wilson Park Improvements

Lotterywest generously supported the nature play playground development in the Centenary and Wilson Parks with \$305,730 of funding. The funding has allowed the Shire to finalise the project with the addition of shade structures, park tables and benches, garden play areas, stepping stone walks, landscaping, a children's stage, shop fronts, fun mirror and sand pit areas.

Lights have been installed throughout the play area and adjoining BBQ site and the area has become a popular family space.

Wilson Park

Wilson Park

Mount Barker Wetland Development and War Memorial

The Mount Barker Wetland Development project was re-scoped following difficulties with the fencing requirements along the rail corridor land. Instead of the construction of wetland ponds, the existing drain lines will be piped and covered addressing the public health and safety risks that exist.

The War Memorial component of the project has been honoured with refurbishments to the existing War Memorial located near the Town Hall. A community based committee was formed to draft a concept plan for a new Memorial garden, history walk and reflection area adjacent to the existing Memorial. This plan has been endorsed and funding sought to complete the work in 2014/2015.

Emergency Services

The 2013 / 2014 fire season was a very busy season with 15 deliberately lit fires in the Narrikup Brigade District, a 13,000ha fire through national parks and farm land in the Denbarker District and other substantial fires across the Shire.

Shire staff worked closely with Police, fire investigators and local Brigades to research and provide evidence in relation to the deliberately lit fires throughout the Narrikup area, which took place over a five month period. Fires were lit in road verges and on private property, including plantation land. The police made an arrest in March 2014 which saw an end to the fire activity.

On Friday 3 January 2014 a fire started near Powley Road in the 'Mount Roe' National Park, Shire of Denmark, located to the south of the Shire of Plantagenet border. The fire was moving rapidly in a north easterly direction and entered the Shire of Plantagenet boundary within hours. On Saturday 4 January 2014 a 'Watch and Act' alert was issued to Shire of Plantagenet residents living in parts of the Denbarker district as the fire threatened.

Plantagenet and Denmark brigades and the Department of Parks and Wildlife worked hard over a four day period to control the fire, with assistance from aerial water bombers each day. A total 13,000ha was burnt including some farmland and plantation land in the Shire of Plantagenet.

The South Porongurup Brigade was strengthened with a new broadacre truck and a power connection to their Brigade shed, funded through Western Power. Other brigades to receive new appliances include Perillup and Middleward with Porongurup receiving a new light attack vehicle.

South Porongurup fire truck

Porongurup fast attack vehicle

The installation and maintenance of strategic firebreaks around townsites and major reserves continued to be a key focus for the Shire. Strategic burns and hazard reduction work has also occurred in a range of Shire reserves and on private land.

The Local Emergency Management Committee (LEMC) met on a quarterly basis to work through local emergency plans. The Local Welfare Plan was endorsed by the Committee which outlines the local welfare arrangements in the event of an evacuation.

The LEMC carried out a range of mock and desk top incidents including an incident at the Mount Barker Community College in which several students were 'injured' in a workshop explosion. The Mount Barker branch of the State Emergency Service, Mount Barker Police, St John Ambulance, Plantagenet / Cranbrook Health Service, Mount Barker Volunteer Fire and Rescue Service and local bush fire brigades were all part of the rescue team, carrying out roles such as securing the buildings, putting out fires and applying first aid to injured people. The exercise highlighted the co-operation amongst the different agencies.

Ranger Services

Firebreak inspections continued to be a major focus for the ranger during the summer period with 18 people infringed for non-compliance with the Annual Firebreak Notice and \$14,751 spent on addressing firebreaks and fire hazard mitigation measures.

The introduction of the Cat Act and Cat Regulations resulted in some big changes for Ranger Services. Funding was secured from the Department of Local Government to construct and fit out a Cat Management Facility and to provide vouchers to assist eligible people with the costs of sterilising their cats.

By June 2014, 103 cats had been impounded and subsequently destroyed under the new legislation.

In order to support the requirements of the new Cat Act and Regulations, a new cat pound was erected at the Shire depot, with grant funding of almost \$30,000 from the Department of Local Government.

New cat pound

Recreation and Community Programs

Shire Recreation Facilities

The delivery of library services underwent some major changes during the year with the closure of the Rocky Gully Library and the relocation of staff resources to the Mount Barker Library. The open hours for the Mount Barker Library were extended to become more 'family friendly' and consistent.

A Library Outreach Service was extended to Overton and Banksia Lodge residents with library staff and volunteers delivering and exchanging books for residents.

The focus on early childhood development continued with ongoing support for the Wriggle Giggle and Grow, Summer Discovery and the YMCA's Play in the Park programs. The Bendigo Bank's ongoing support for the Summer Discovery program saw a record number of children participate in a range of reading activites throughout the summer period culminating in a celebratory BBQ at the end of the program at which the children received gifts and recognition for their hard work.

The Mount Barker Community Recreation Centre was renamed the Mount Barker Rec.Centre after consultation with members and the community. The Rec.Centre's 2013 / 2014 program schedule included:

- Living Longer Living Stronger for the 60+ age group;
- Heartmoves, designed for people recovering from surgical procedures or referrals from physiotherapists or general practitioners;
- Kids Club, an after school activities program combining recreation and play activities;
- Active After School program which encourages children to engage in structured sports, funded through the Australian Sports Commission;
- Crèche;
- Barker's Biggest Loser;
- Social sports, gymnastics, netball and basketball; and
- Les Mills range of fitness programs.

The Department of Education carried out structural roof repairs including the replacement of roof sheeting over the main hall and change room spaces.

An automated curtain was installed to separate the main court spaces. The curtain retracts into the ceiling space and provides a greater level of protection from balls crossing over the courts. The equipment replacement program included new uneven bars to support gymnastics and a replacement treadmill and recumbent bike in the gym.

The Mount Barker Swimming Pool season was well supported with 20,570 visits between October and April. Structured swimming programs continue to be well attended including VacSwim lessons, school swimming lessons and carnivals.

The surface of the toddler pool was refurbished to prevent damage to the concrete base and a new basketball hoop installed for patron entertainment. One pool party was held in the season which was well attended with children taking advantage of the opportunity to play on the inflatable pool toys borrowed from the City of Albany.

The Pool became a 'Sun Smart' venue in partnership with the Cancer Council. The program was launched in February 2014 with an afternoon tea, competitions and gifts for all who attended. As part of the Sun Smart program regular announcements are broadcast at the pool to remind people of the importance of being sun smart throughout the day.

The Shire continued its partnership with the Department of Sport and Recreation and the Shires of Denmark and Cranbrook to provide a Club Development Officer for sport and recreation clubs. Initiatives held throughout the year include grant funding, planning, responsible service of alcohol, the role of treasurer and coaching workshops. Clubs also received regular updates of grants and support services available to them. The Shire was successful with obtaining a grant to continue the Club Development initiative until June 2016.

Community Programs

In October 2013, the Keep Australia Beautiful Council Tidy Towns Sustainable Communities Awards were presented in Ongerup. While the Shire didn't win the major award, the judges thought that 'a huge amount of natural resource management work is being undertaken in the areas surrounding Mount Barker and within the Shire of Plantagenet, due to its location in one of the 13 biodiversity hotspots in the world. This collaborative effort by such a large number of stakeholders is truly spectacular and was worthy of a Special Commendation'.

Community Development Officer Isabelle Draffein being presented with the Award

Volunteers from throughout the Shire were recognised at the Thank a Volunteer BBQ. The BBQ was held at Sounness Park and was attended by 65 volunteers from 26 different volunteer based organisations, ranging from sporting clubs through to Emergency Service groups, local media, environmental groups and playgroups. Shire Councillors and the Chief Executive Officer took lead roles during the BBQ, cooking and serving sausages to the volunteers and conducting tours of the Sounness Park facilities.

The Shire continued its partnership with Skateboarding Australia to deliver a range of workshops and skating competitions for skaters in Mount Barker and Kendenup. The participants were able to learn new skating skills which they could put to the test in a variety of skate parks. Skateboarding Australia provided skateboards and safety equipment for participants if required.

The Shire continued to deliver the Kidsport program with funding support from the Department of Sport and Recreation. Vouchers of up to \$200 per child were available for club registration fees, enabling eligible children to participate where they may not have been able to afford to. Assistance was provided to the Shire of Cranbrook to deliver the program into their Shire. During the year, 239 vouchers were provided to 175 children, with 29 sporting clubs participating in the program.

The Disability Access and Inclusion Working Group continued to meet on a regular basis and resolved issues such as parking concerns in the local shopping centre carpark and access into local businesses. The Working Group has also provided support to the Mount Barker Community Gardens Committee, providing letters of support and advocacy where required.

The Mondurup Reserve Committee met on a quarterly basis to review progress on the Mondurup Reserve Management Plan. The Wilson Inlet Catchment Committee secured funding to address weed management and dieback management strategies. The work has resulted in large tracts of weeds being removed from the reserve. Further investigation is occurring into signage and information brochures for the Mondurup Reserve site.

The Narrikup Combined Sporting Association was successful with a Department of Sport and Recreation Community Sport and Recreation Facilities Fund (Small Grant Round) application, sourcing funding to improve their cricket training nets and to complete the oval reticulation system. The developments at the Narrikup Sporting Ground complement the upgrades to the clubhouse.

WORKS AND SERVICES

In 2013/2014, the Works and Services department completed another substantial construction and maintenance program. The works program was based on maintaining and improving Shire infrastructure including roads, footpaths, drainage, town site gardens, recreation areas, reserves and waste management facilities.

Roadworks

The Shire of Plantagenet maintains 908km of unsealed roads and 332km of sealed roads. With this road network being maintained by the Shire, the costs demonstrate the need to leverage significant external grants to supplement the Council's own funds. These funds are then used to deliver road projects that promote safety, asset management and improvement to our road network.

Untied Federal and State Grants are as follows:

Grants Commission (Federal) \$323,703Main Roads (State) \$366,495

Federal and State Government road funding grants provide a large percentage of the funding required to maintain and upgrade the Shire's local road and town infrastructure and are as follows:

•	Black Spot	\$ 34,669
•	Roads to Recovery	\$397,213
•	Direct Road Grants	\$154,122
•	Commodity Route	\$414,320
•	State Road Projects (RRG)	\$594,786

Works completed in the 2013/2014 financial year included:

Blackspot

Mitchell Street \$52,181

Roads to Recovery - (Federal Government Funded)

•	Simmons Street	\$ 82,848
•	Healy Road	\$ 73,143
•	Jackson Road	\$ 57,622
•	Woodlands Road	\$ 97,090
•	Sturdee Road	\$110,383

The fourth round of the Roads to Recovery Program (RTR) commenced its third year of operation. This is the third year of a five year program ending in 2015.

Regional Road Group (RRG)

•	Settlement Road	\$120,919
•	Woogenellup Road	\$444,616
•	Beverley Road	\$297.302

The State Government contribution for RRG funding is on a two third one third basis, with \$246,617.00 being allocated to the Shire of Plantagenet for the 2014/2015 financial year.

Commodity Route Funding

•	Mallawillup Road	\$ 80,944
•	Yellanup Road	\$387,934
•	Lake Matilda Road	\$107,383

The State Government contribution for Commodity Route funding is on a two third one third basis, with \$95,000.00 being allocated to the Shire of Plantagenet for the 2014/2015 financial year.

Own Source Funding

•	Shire Wide Drainage Construction	\$	54,264
•	Mount Barker Footpath Construction	\$	17,945
•	Seymour Road - 4.96km	\$	25,252
•	Third Avenue - 0.99km	\$	5,192
•	Osborne Road - 1.05km	\$1	52,066
•	Mitchell Street - 2.49km	\$	33,587
•	Martin Street Entire Length	\$	33,816

Road Maintenance - Rural Roads and Town Streets

Major areas of maintenance expenditure were:

- Grading of unsealed roads;
- Drains and culverts;
- Repairs and maintenance of road infrastructure;
- Verge spraying and pruning;
- Townsite Rubbish removal:
- Replacement and maintenance of traffic and information signs; and
- Emergency works and call-outs.

The total amount of expenditure for all aspects of road maintenance was \$1,473,914.

The road maintenance crew is staffed by a small number of dedicated staff members who undertake a vast array of duties to keep our roads in a safe trafficable standard. In 2013/2014 the works crew received 517 maintenance requests of which 494 were fulfilled. Maintenance requests are down on the last financial year. Requests for upgrades and significant maintenance cannot always be carried out as the Works and Services department is limited by the Council's resources. Where requests cannot be funded they are referred to the draft annual budget process where appropriate, for consideration.

Plant Replacement

During 2013/2014 no major items of plant were purchased.

Parks and Gardens

Maintenance of the various public amenity grounds takes up approximately 95% of the Parks and Gardens Budget which, for the last financial year was \$406,164.

Shire staff maintaining visitor centre gardens

Waste Management

A total of \$842,836 was spent for all aspects of waste maintenance which included:

- Kerbside waste collection for the townsites of Mount Barker, Kendenup and Narrikup;
- Commercial bin collections:
- Recreational site rubbish removal;
- Land fill site maintenance; and
- Introduction of kerbside domestic recycling.

Domestic waste and recycling was collected Warren Blackwood Waste. Drum Muster chemical drums are being dropped off after being triple rinsed and a receipt is issued to the person delivering them. The Shire is able to make claims on these via a national program.

During 2013/2014, \$209,414 was spent on rubbish and recycling collections, \$606,383 on waste (maintenance) and \$236,454 on capital works at refuse sites. Income of \$271,838 was received from the domestic refuse collection service, \$64,659 was received from tipping fees and \$16,855 from the sale of surplus materials.

A new sullage pond with plastic liner was commissioned at the O'Neill Road refuse site, to replace an old unlined pond. This is part of a number of requirements to satisfy the site's licence with the Department of Environment Regulation.

O'Neill Road refuse site sullage pond

DEVELOPMENT SERVICES

Town Planning

Scheme Amendments

Several Amendments to the Shire of Plantagenet Town Planning Scheme No. 3 (TPS3) have progressed through various stages of the legislative process. The Amendments include:

- Amendment No. 56 rezoned the former Primary School site in Mount Barker to Residential (R17.5) and was initiated on 7 September 2010. The advertising closed on 24 November 2010 and the Council on 14 December 2010 recommended final approval. The Minister for Planning deferred the Amendment in August 2011. In June 2013 the Minister required modifications be carried out. The Amendment was finalised on 9 September 2013.
- Amendment No. 58 zoned portion of Lot 4853 Porongurup Road to Rural Residential and Special Site. The Amendment was initiated on 3 July 2012 and the EPA authorised it to proceed to advertising on 31 October 2012. Following advertising, the Council adopted the Amendment on 29 January 2013 and referred it to the WAPC on 5 February 2013 for approval. The Amendment was finalised on 31 December 2013.
- Amendment No. 59 rezoned the Council depot on Muir Highway to Industrial and Crown land on Bourke Street to Parks and Recreation. The Amendment was initiated on 11 December 2012 and the EPA authorised it to be advertised on 16 January 2013. Following advertising the Council adopted the Amendment on 26 March 2013 and referred it to the WAPC. The Amendment was finalised on 26 June 2013.
- Amendment No. 60 rezoned land north of the Mount Barker Caravan Park occupied by the Roundhouse to Special Site Caravan Park. The Amendment was initiated on 29 October 2013 and the EPA authorised it to proceed to advertising on 12 December 2013. Following the advertising, the Council adopted the Amendment on 4 February 2014. The Amendment was finalised on 3 June 2014.
- Amendment No. 62 proposes to alter the Additional Uses Schedule 2 to include a solar energy facility on the windfarm site north of Mount Barker. The Amendment was initiated on 4 February 2014 and the EPA authorised it to proceed to advertising on 27 February 2014. Following the advertising, the Council adopted the Amendment on 27 May 2014 and referred it to the WAPC.
- Amendment No. 63 proposes to rezone land in McDonald Avenue, Mount Barker from Special Industrial to Industrial. The Amendment was initiated on 10 December 2013 subject to modifications. The modifications were received on 8 May 2014. The EPA authorised it to proceed to advertising on 29 May 2014. The advertising commenced on 10 June 2014.
- Amendment No. 64 proposes to rezone various lots in Mount Barker from Service Industrial and Residential to Commercial and Residential. The Amendment was initiated on 29 April 2014. The EPA authorised it to proceed to advertising on 22 May 2014. The advertising commenced on 27 May 2014.
- Amendment No. 65 this is an omnibus Amendment that alters various parts of the Scheme Text and Scheme Maps. The Amendment was initiated on 1 April 2014 and the EPA authorised it to proceed to advertising on 29 May 2014. The advertising commenced on 10 June 2014.

Policy Reviews

- The Council has been regularly reviewing its various policies including those adopted as Town Planning Scheme Policies under the provisions of Town Planning Scheme No. 3. As part of that review one new Town Planning Scheme Policy was prepared and the Council agreed it was suitable for advertising on 28 May 2013. That policy is:
 - Town Planning Scheme Policy No. 22 Advertising Signs this policy provides requirements and guidance for all forms of advertising signage throughout the Shire area. Draft Town Planning Scheme Policy No. 22 (Advertising Signs) was considered by the Council on 28 May 2013. The Council agreed the draft be advertised for comment. The advertising period closed on 27 June 2013. After the advertising the Policy was adopted by the Council on 27 August 2013.
- Another Town Planning Scheme Policy was reviewed. That policy is Town Planning Scheme Policy No. 18.1 Planning Vision the Council originally adopted its long term Planning Vision on 9 March 2010. A review of that Vision commenced in 2013. The Council agreed on 8 October 2013 that the draft of the revised Policy be advertised. Councillors held two workshops on the draft after the public advertising and at its meeting held on 29 April 2014 the Council resolved to adopt Town Planning Scheme Policy No. 18.1.

Local Planning Strategy

The Local Planning Strategy (LPS) has been going through a lengthy process set by the Western Australian Planning Commission (WAPC) which involves public consultation. As part of the preparation process the Councillors were briefed on the various components of the document as it was being compiled. Workshops with Councillors were held on 13 and 27 November 2007, 11 December 2007, 12 February 2008 and 27 May 2008. Department of Planning officers attended most of these workshops.

The full draft of the LPS was adopted by the Council on 10 June 2008 after which it was referred to the WAPC for its approval to advertise for public feedback. The WAPC on various occasions required modifications be carried out. The draft LPS was advertised in 2011 and 80 submissions, mostly in opposition, were received. The Council in November 2011, due to the marked lack of community support required modifications and referred this to the WAPC in November 2011. The WAPC required the advertised July 2011 version of the LPS to be adopted by the Council with four modifications. The Council adopted the revised document in July 2013 as directed. The WAPC endorsed the document on 13 August 2013.

<u>Development and Subdivision Applications</u>

A broad range of development applications were processed and received planning consent under Town Planning Scheme No. 3. In the 2013/2014 year, 54 applications were processed which is an increase from the 45 last year.

During 2013/2014, 13 subdivision applications were considered and recommendations provided to the WAPC which is the government agency that determines subdivisions. This is a reduction to the 40 received last year.

Highlights of 2013/2014

New Town Planning Scheme - Shire of Broomehill-Tambellup

As part of the Voluntary Regional Organisation of Councils, the Shires of Plantagenet and Kojonup planners have been assisting the Shire of Broomehill-Tambellup in preparing its new Town Planning Scheme. The Shire of Broomehill-Tambellup referred its resolution to prepare a new Scheme to the WAPC in December 2010 and the WAPC advised in May 2011 it had accepted that resolution.

The Shire then commenced liaison with numerous State agencies prior to the preparation of a draft Local Planning Strategy and Scheme. The planner from the Shire of Kojonup prepared a draft Local Planning Strategy (LPS) in April 2013. The LPS was advertised in May 2014 with submissions closing on 13 June 2014. Work on the new Scheme Text and maps will be carried out by the Shire of Plantagenet planner once the LPS has been finalised.

Building Services

During the year, 138 building permits were issued. Typical approvals were 29 houses, 13 carports, seven patios and 65 sheds and garages. This total of 138 permits is a slight decrease from 140 issued in the 2012/2013 financial year.

The Council's Principal Building Surveyor continued to update the building maintenance asset register for all of the Council's buildings. He also played a critical role in supervising the ongoing repairs to the Railway Station building. He continued to provide building surveying support to the Shire of Kojonup and the City of Albany and the Shire of Denmark on occasions.

During the year, the Shire's Building Surveyor continued the co-ordination of the installation of a new Bi-Lock® key system to a large number of Council owned buildings and also continues to update the asbestos register.

Environmental Health Services

Environmental Health Services involves monitoring of food premises, wastewater management, providing input to various development applications, investigating notifiable contagious diseases, nuisance complaints, unauthorised camping, temporary accommodation, regulating offensive trades, and inspecting public buildings for health and safety compliance. The following statistics provide a guide into the routine environmental health activities during the year:

Food Premises

The Shire has a total of 77 registered food businesses/premises. These food businesses range from:

- Class 1 food businesses (34) high risk foods (restaurants, abattoirs, fast food etc);
- Class 2 food businesses (10) medium risk foods (cafes, canteens, grocers etc); and
- Class 3 food businesses (32) low risk foods (wineries, home food production, community kitchens etc).

During the year, 54 inspections of food businesses were conducted, including routine inspections, follow-up re-inspections and assessment for new premises or renovations. In addition, 56 temporary food stall applications were assessed and approvals issued for an assortment of community fetes, markets and fundraising events.

Permits were also assessed and issued for alfresco dining (4) and trading activities (7) within the Shire.

Highlights of 2013/2014

Food Sampling

During the year, 34 food samples were collected from Mount Barker Chickens (24), Ravenhill Dairy (6) and assorted local food manufacturers and/or producers (4) for microbiological analysis and food composition standards.

Water Sampling

- Processing Waters Mount Barker Chickens 36 poultry processing water samples were collected for microbiological analysis.
- Swimming Pools 30 water samples were collected for microbiological analysis.
- Drinking Water Supplies 19 potable water samples were collected from public and private drinking water supplies for microbiological analysis.
- Environmental Waters 6 water samples were collected from various natural environmental water sources.

Registered Premises

Six inspections were conducted at registered premises. These premises included a tattoo business, hairdressers, body care, child care, family day care and second hand clothing stores.

Public Buildings

Six inspections were conducted of public buildings to ensure compliance with relevant legislation and public safety. Public buildings include community halls, recreation centre, sporting clubs and meeting venues.

Offensive Trades

Registration and inspection of seven offensive trades were carried out.

Public Events

Five major public events were approved requiring detailed assessment and consultation with the various promoters and event organisers. These events were the Porongurup Wine Festival, Mount Barker Grapes and Gallops, Art in the Park, Mount Barker Community Fair and Art in the Hall.

Holiday Accommodation

Nine inspections were carried out on various forms of holiday accommodation including caravan parks and bed and breakfast establishments.

Advice to Building Services

As part of the building services process, each building licence application is assessed for health standards, access to potable water supplies and on-site wastewater treatment and disposal. Each on-site wastewater treatment and disposal system application requires an initial site inspection by the Environmental Health Officer to enable site assessment and approval and a second inspection at the time of the systems installation. Twenty-nine applications were received and subsequently approved.

Highlights of 2013/2014

Complaints

Sixteen complaints were investigated throughout the year and these included matters such as excessive noise, odour, dust, effluent discharges, chemical spray drift, asbestos and occupation of caravans. These complaints have the potential to require extensive time and resource allocation and in most cases, each complaint will involve multiple issues, detailed investigation, assessment and mediation to resolve.

DrumMuster / ChemCollect

These programs are designed to provide a mechanism for the collection of clean used pesticide containers and unwanted agricultural chemicals. The DrumMuster program collected in excess of 1,850 used chemical containers for reprocessing.

Other Activities

As well as the extensive range of monitoring, reporting and inspection activities listed above, the Council's Environmental Health Officer has been providing invaluable support to the Manager Works and Services on activities such as environmental monitoring of the O'Neill Road landfill site, former Shire Depot (contaminated site investigation) and the Zero Waste Committee.

Local Governments are required to report on many matters which have been imposed through legislation. In particular these are Records Management, National Competition Policy and Disability Services. The following reports are the Council's compliance with these requirements.

Record Keeping

The Shire of Plantagenet is committed to the reliable and systematic management of records. All elected members, staff and contractors are responsible for maintaining complete, accurate and reliable evidence of all business transactions and ensuring all corporate documents are retained within the Shire's official record keeping system at the point of creation regardless of the format, in accordance with:

- State Records Act 2000;
- Evidence Act 1906;
- Acts Amendment (Evidence) Act 2000;
- Freedom of Information Act 1992;
- Local Government Act 1995 and associated regulations.

All must abide by the recordkeeping requirements of the Shire as defined in the Recordkeeping Plan, which is a requirement of the State Records Act 2000.

The Shire's Record Keeping Plan provides for continuous education of all staff and elected members, to maintain a stable knowledge and base skills platform for the Electronic Record Management System (RMS), Record Keeping Plan (RKP) and State Records requirements.

To maintain this base level of skills for all staff and elected members the Shire has implemented a number of training and evaluation systems including formal training and presentations to the Council covering topics such as:

- What is a Record;
- Penalties for non-compliance with the Record Keeping Plan;
- Record Keeping responsibilities; and
- Freedom of Information Act.

Evaluation of staff is conducted at induction stage for all new staff, to ascertain level of Records understanding, with follow-up three months later, ensuring that any issues are dealt with on the spot in the intervening period. Evaluation of this procedure is based on feedback from staff that undergo this process. Surveys have been conducted to ascertain the effectiveness of the Electronic Records Keeping System and understanding by staff of their responsibilities under the State Records Act, Freedom of Information Act and Evidence Act.

The Shire's RKP was reviewed during 2011/2012, and initially it was thought that no formal amendment was required. The State Records Office has since recommended that the RKP be amended to reflect updated practices.

In 2012/2013, the Plan was formally amended and accepted by the State Records Office. There have been significant changes to, or development of, recordkeeping practices since the previous RKP was approved in 2007. These changes include:

Approval of a Shire Policy for record keeping;

- Development of formalised procedures for several aspects of recordkeeping, including correspondence control, disposal, website management, systems management and migration;
- The intention to develop a group repository for storage of records; and
- Development of a Records Disaster Management Plan.

On the basis of the review of the RKP, staff training, information sessions, publications and 2010/2011 survey, the record keeping systems were assessed as being somewhat efficient and effective, although there is room for improvement.

Disability Services Plan

It is a requirement of the Western Australian Disability Services Act that all local governments report annually on the implementation of their Disability Access and Inclusion Plan (DAIP) that outlines the ways in which the authority will ensure that people with disabilities have equal access to its facilities and services.

Other legislation underpinning access and inclusion includes the Western Australian Equal Opportunity Act and the Commonwealth Disability Discrimination Act, both of which make discrimination on the basis of a person's disability unlawful.

The Shire of Plantagenet is committed to facilitating the inclusion of people with disabilities through the improvement of access to its facilities and services. The Shire's DAIP provides guidance for the Council and the Shire of Plantagenet community to become accessible and inclusive to people with disabilities, their families and carers.

Several strategies from the DAIP have been implemented by the Shire in 2013/2014, including:

- Progressing the development of the Nature Based Playground at Wilson Park including the installation of all ability equipment (shopfronts and musical instruments) and pathways. All infrastructure has been designed according to disability standards;
- Upgrading parking in front of the Red Cross Shop on Mount Barker Road. The surface was hot-mixed and levelled and parking bays were implemented including two designated ACROD bays; and
- Monthly inspections of ACROD bays within the Shire have been taking place to ensure parking compliance.

National Competition Policy

Local governments are required to implement the National Competition Policy (NCP) to ensure that it opens up service delivery to competition and that local laws and Council policies do not unduly restrict competition. The obligation arises from the Competition Principles Agreements signed by the State and Territory Governments and the Commonwealth Government.

Each local government must report its progress in achieving NCP reforms in its Annual Report broadly under the following categories:

- Competitive Neutrality
- Legislation Review
- Structural Reform

Competitive Neutrality

The Shire of Plantagenet has not acquired any entities in the 2009/2010 financial year that have required competitive neutrality testing.

Legislation Review

The Council has a limited number of local laws, which were reviewed in the 2007/2008 financial year including a review of compliance with the reporting requirements. The Shire undertook all other relevant NCP checks required as part of its normal review processes.

Structural Reform

The Shire of Plantagenet did not undertake any formal Structural Reform during the 2013/2014 financial year, although the Council progressed with its efforts for voluntary structural reform. The Shire also continued to work with its partners in the Southern Link Voluntary Regional Organisation of Councils (VROC) to progress a number of initiatives including a regional archive repository and regional waste transfer station projects.

Employee Remuneration

Set out below, in bands of \$10,000, is the number of employees of the Shire entitled to an annual salary of \$100,000 or more.

Salary Range	2012/2013	2013/2014
100,000 - 109,999	2	2
110,000 - 119,999	0	0
120,000 - 129,999	0	0
130,000 - 139,999	0	0
140,000 - 149,999	0	0
150,000 - 159,999	0	0
160,000 - 169,999	0	0
170,000 - 179,999	1	1

Complaints

There were no complaints that resulted in action against Councillors under section 5.121 of the Local Government Act 1995.

Plan for the Future

All local governments are currently required to produce a plan for the future under S5.56 (1) of the Local Government Act 1995 (the Act). Regulations were made under S5.56 (2) of the Act in August 2011 which changed the minimum requirements to achieve this.

Councils have been advised that by 1 July 2013, they will need to deliver the following outcomes as part of the new strategic planning framework:

- A long term strategic plan that clearly links the community's aspirations with the Council's vision and long term strategy.
- A corporate business plan that integrates resourcing plans and specific Council plans with the strategic plan.
- A clearly stated vision for the future viability of the local government area.

At its meeting held on 12 June 2012, the Council adopted a Strategic Community Plan for the period 2012 – 2022, which followed an extensive public consultation process.

Changes were sought to the Council's adopted Strategic Community Plan by the Department of Local Government and therefore a new version of the Plan starting from 2013/2014 was adopted by the Council on 25 June 2013.

2014/2015 Budget Initiatives

The major initiatives that are included in the 2014/2015 budget are as follows:

Income

- 5% increase in rate revenue
- Rubbish collection charge to increase to \$185.00
- Minimum rate to increase to \$810.00

Expenses

Financial Assistance Grants to community groups and organisations >\$

>	Oatlands Road - 1.2km	\$90,000
>	Langton Road - Lowood Road to Marmion Street	\$95,500

1 INTRODUCTION

1.1 Function of Local Government

The purpose of this Information Statement, in accordance with requirements of part 5 of the Freedom of Information Act 1992, is to provide information to the public on:

- The structure and function of the Shire of Plantagenet;
- The process and formulation of Council policy;
- Documentation available to the public and how to obtain it.

2 STRUCTURE OF THE COUNCIL

2.1 Function of Local Government

The general function of local government as defined in Section 3.1(1) of the Local Government Act 1995 is 'to provide for the good government of persons in its district.'

2.2 Role of the Council

Section 2.7 of the Local Government Act 1995 defines the role of the Council as:

2.7

- (1) The council
 - (a) governs the local government's affairs; and
 - (b) is responsible for the performance of the local government's functions.
- (2) Without limiting subsection (1), the council is to
 - (a) oversee the allocation of the local government's finances and resources;
 - (b) determine the local government's policies.'

2.3 Vision, Mission and Values Statements

Vision

Plantagenet, building a sustainable community, where natural beauty and diversity provide opportunities for all.

Mission

To enhance the quality of life for the people of Plantagenet and the region, through the provision of leadership, services and infrastructure.

Values

- Integrity through honesty, ethical behaviour and trustworthiness;
- Professionalism through understanding our roles and responsibility, the need to work efficiently and strive for excellence;
- Accountability through openness and transparency;
- Supportiveness by being patient, caring and friendly;
- Responsibility by taking ownership and not blaming others; and
- Customer Focus by understanding needs, being proactive and responsive.

2.4 **Council Structure**

Council elections are held every two years. The current Council decision making body consist of nine Councillors, including the Shire President, who is elected by the Council. The structure of the Shire of Plantagenet is:

Ken Clements Shire President **Deputy Shire President** Len Handasyde Councillors

Brett Bell

Andrus Budrikus Sue Etherington Gert Messmer Jeff Moir Jon Oldfield Chris Paylovich

Chief Executive Officer Rob Stewart Deputy Chief Executive Officer John Fathers Manager Community Services Fiona Saurin Manager Development Services Peter Duncan Manager Works and Services Dominic Le Cerf

2.5 **Council Meetings**

Ordinary meetings of Council are held at four weekly intervals commencing at 3.00pm. Members of the public are welcome to attend. Meetings are held in the Council Chambers, Lowood Road Mount Barker.

2.6 **Council Committees**

A number of committees, comprising elected members, and advisory committees and consultative groups, that may also include staff and the public, are established from time to time to investigate issues with in the community. The Council has established the following internal committees:

Saleyards Advisory Committee

The brief of this committee is to:

- Make recommendation to the Council regarding the strategic direction of the Saleyards;
- Make recommendation to the Council regarding the Environmental Action Plan for the Saleyards;
- Bring to the attention of the Chief Executive Officer, industry matters regarding the cattle industry that may not be readily available to persons external to that industry; and
- Make recommendation to the Council regarding development works on the site.

Heavy Haulage Advisory Committee

The brief of this committee is to:

- Advise the Council relating to heavy haulage movement within the Shire of Plantagenet; and
- Make recommendations to the Council relating to the use of local roads by classes of heavy vehicles.

Audit and Risk Management Committee

The brief of this committee is to:

- 1. Provide guidance and assistance to the local government -
 - as to the carrying out of its functions in relation to audits carried out under Part 7 of the Act; and
 - b) as to the development of a process to be used to select and appoint a person to be an auditor; and
- 2. May provide guidance and assistance to the local government as to
 - a) matters to be audited; and
 - b) the scope of audits; and
 - c) its functions under Part 6 of the Act; and
 - d) the carrying out of its functions relating to other audits and other matters related to financial management; and
- 3. Is to review a report given to it by the CEO under Regulation 17(3) (the CEO's report) and is to
 - a) report to the Council the results of that review; and
 - b) give a copy of the CEO's report to the Council.

Heavy Plant Committee

The brief of this committee is to:

- (1) To review the existing Policy I/PM/1 Plant General Policy and make recommendations to the Council regarding but not limited to:
 - a. Specifications of heavy plant;
 - b. Type and number of heavy plant;
 - c. Maintenance regime;
 - d. Optimum replacement; and
 - e. Operator efficiency and productivity.

And

(2) The Heavy Plant Committee shall report to the Council on or before its meeting to be held in January 2015 at which time the Committee shall be dissolved.

Recreation Advisory Committee

The brief of this committee is to:

- Prepare a draft Shire of Plantagenet Recreation Strategic Plan for the consideration of the Council;
- Utilise the July 2008 Plantagenet Sport and Recreation Needs Assessment and any other report considered pertinent by the Committee; and
- Liaise as necessary with community groups Recreation Centre Advisory Group, the Department of Sport and Recreation and other bodies.

Public participation is encouraged on the following committees:

Bush Fire Advisory Committee

This Committee is designed to advise the Council on all matters relating to the preventing, controlling and extinguishing of bush fires, the planning of the layout of fire-breaks in the district, prosecutions for breaches of the Bush Fire Act 1954, the formation of bush fire brigades and the grouping thereof under group brigade officers and the ensuring of co-operation and co-ordination of bush fire brigades in their efforts and activities.

Each bush fire brigade nominates a delegate to represent them on the Committee. To become a member of your local bush fire brigade you are required to contact your brigade delegate.

Community Recreation Centre Advisory Committee

This Committee is designed to provide involvement from the Council, the Education Department and the community into the management of the Mount Barker Recreation Centre. All vacancies for this Committee are advertised locally when they become available.

Roadwise Committee

This committee has been created to provide a structured forum for stakeholders to consider and discuss road safety issues and discuss and make recommendation regarding the identification and appropriate counter measures to negative attitudinal, behavioural and environment factors lined to enforcement, engineering, education, encouragement and evaluation of road safety initiatives.

Porongurup Hall Management Committee

The daily operations of the Porongurup Hall are overseen by a management committee. The Committee consists of one Council representative and four community representatives nominated by the Porongurup Community Association.

Woogenellup Hall Committee

The daily operations of the Woogenellup Hall are overseen by a management committee. The Committee consists of one Council representative and four community representatives nominated by the Woogenellup Progress Association.

2.7 Delegations

The Chief Executive Officer and other officers have the delegated authority from the Council to make decisions on a number of specified administrative and policy matters. These delegations are listed in the Delegation Register and are reviewed annually by the Council.

3 DETAILS OF LEGISLATION ADMINISTERED

The Shire of Plantagenet is wholly or partly responsible for administering the following legislation and regulations –

- Animal Welfare Act 2003
- Building Act 2011
- Building Regulations 2012
- Bush Fires Act 1954
- Bush Fire Regulations 1954
- Caravan Parks and Camping Grounds Act 1995
- Caravan Parks and Camping Grounds Regulations 1997
- Cat Act 2011
- Cat Regulations 2012
- Cemeteries Act 1986
- Control of Vehicles (Off Road Areas) Act 1978
- Control of Vehicles (Off Road Areas) Regulations 1979
- Disability Services Act 1993
- Dog Act 1976
- Dog Regulations 1976
- Dog (Restricted Breeds) Regulations 2002
- Environmental Protection (Noise) Regulations 1997
- Freedom of Information Act 1992
- Freedom of Information Regulations 1993
- Food Act 2008
- Food Regulations 2009
- Hairdressing Establishment Regulations 1972
- Health Act 1911
- Health (Air Handling and Water Systems) Regulations 1994
- Health (Aquatic Facilities) Regulations 2007
- Health (Asbestos) Regulations 1992
- Health Act (Carbon Monoxide) Regulations 1975
- Health (Cloth Materials) Regulations 1985
- Health (Garden Soil) Regulations 1998
- Health Act (Laundries and Bathrooms) Regulations
- Health (Pesticides) Regulations 2011

- Health (Poultry Manure) Regulations 2001
- Health (Public Buildings) Regulations 1992
- Health (Skin Penetration Procedure) Regulations 1998
- Health (Temporary Sanitary Conveniences) Regulations 1997
- Health (Treatment of Sewerage and Disposal of Effluent and Liquid
- Waste) Regulations 1974
- Heritage of Western Australia Act 1990
- Land Administration Act 1997
- Litter Act 1979
- Litter Regulations 1981
- Liquor Licensing Act 1988
- Local Government Act 1995
- Local Government (Administration) Regulations 1996
- Local Government (Audit) Regulations 1996
- Local Government (Constitution) Regulations 1998
- Local Government (Building Surveyors) Regulations 2008
- Local Government (Elections) Regulations 1997
- Local Government (Financial Management) Regulations 1996
- Local Government (Functions & General) Regulations 1996

- Local Government (Rules of Conduct) Regulations 2007
- Local Government (Uniform Local Provision) Regulations 1996
- Local Government Grants Act 1978
- Local Government Regulations
- Main Roads Act 1930
- Navigable Waters Regulations 1958
- Parks and Reserves Act 1895
- Planning & Development Act 2005
- Planning & Development (Consequential & Transitional) Act 2005
- Planning & Development Regulations 2009
- Planning & Development (Consequential) Regulations 2006
- Planning & Development (Transitional) Regulations 2006
- Rates and Charges (Rebates and Deferments) Act 1992
- Residential Design Codes of WA 2002
- Sewerage, Lighting, ventilation and Construction Regulations 1971
- Strata Titles Act 1985
- Town Planning Regulation 1967
- Valuation of Land Act 1978

The Shire of Plantagenet is wholly responsible for administering the following Local Laws:

- Activities in Thoroughfares and Public Places Local Law 2008
- Bush Fire Brigades Local Law 2008
- Cemeteries Local Law 2008
- Dogs Local Law 2008
- Extractive Industries Local Law 2008
- Health Local Law 2008
- Landfill and Transfer Station Facilities Local Law 2004
- Local Government Property Local Law 2008
- Parking and Parking Facilities Local Law 2008
- Pest Plants Local Law 1987
- Standing Orders Local Law 2008

4 SERVICES TO THE COMMUNITY

Function	Brief Description			
Aged Services	The function of providing facilities and services for the aged.			
Commercial Activities	The function of competing commercially or providing services to other councils or agencies on a fee for service basis. Includes undertaking activities on a consultancy or contract basis.			
Community Relations	The function of establishing rapport with the community and raising and advancing the Council's public image and its relationships with outside bodies, including the media and the public.			
Community Services	The function of providing, operating or contracting services to assist local residents and the community.			
Corporate Management	The function of applying broad systematic planning to define the corporate mission and determine methods of Council operation.			
Council Properties	The function of acquiring, constructing, designing, developing, disposing and maintaining facilities and premises owned, leased or otherwise occupied by the Council.			
Customer Service	The function of planning, monitoring and evaluating services provided to customers by the Council.			
Development and Building Controls	The function of regulating and approving building and development applications for specific properties, buildings, fences, signs, antennae, etc. covered by the Building Code of Australia and the Town Planning and Development Act			
Economic Development	The function of improving the local economy through encouragement of industry, employment, tourism, regional development and trade.			
Emergency Services	The function of preventing loss and minimising threats to life, property and the natural environment, from fire and other emergency situations.			
Environmental Management	The function of managing, conserving and planning of air, soil and water qualities and environmentally sensitive areas such as remnant bush lands and threatened species.			
Financial Management	The function of managing the Council's financial resources.			
Governance	The function of managing the election of Council representatives, the boundaries of the Council districts, and the terms and conditions for Councillors.			

Government Relations	The function of managing the relationship between the Council and other governments, particularly on issues which are not related to normal Council business such as Land Use and Planning or Environment Management.
Grants and Subsidies	The function of managing financial payments to the Council from the State and Federal Governments and other agencies for specific purposes.
Human Resources	The function of managing the conditions of employment and administration of personnel at the Shire including consultants and volunteers.
Information Management	The function of managing the Council's information resources, including the storage, retrieval, archives, processing and communications of all information in any format.
Information Services	The function of providing and managing public access library facilities and services.
Information Technology	The function of acquiring and managing communications and information technology and databases to support the business operations of the Council.
Land Use and Planning	The function of establishing a medium to long term policy framework for the management of the natural and built environments.
Laws and Enforcement	The function of regulating, notifying, prosecuting, and applying penalties in relation to the Council's regulatory role.
Parks and Reserves	The function of acquiring, managing, designing and constructing parks and reserves, either owned or controlled and managed by the Council.
Plant, Equipment and Stores	The function of managing the purchase, hire or leasing of all plant and vehicles, and other equipment. Includes the management of the Council's stores. Does not include the acquisition of information technology and telecommunications.
Public Health	The function of managing, monitoring and regulating activities to protect and improve public health under the terms of the Public Health Act, health codes, standards and regulations.
Rates and Valuations	The function of managing, regulating, setting and collecting Council income through the valuation of rateable land and other charges.
Recreation and Cultural Services	The function of the Council arranging, promoting or encouraging programs and events in visual arts, craft, music, performing arts, sports and recreation, cultural activities and services.
Risk Management	The function of managing and reducing the risk of loss of Council properties and equipment and risks to personnel.
Roads and Bridges	The construction, maintenance and management of roads and bridges within the Council area.
Sewerage and Drainage	The function of designing and constructing, maintaining and managing the drainage system, septic collection services, storm water and flood mitigation works.
Traffic and Transport	The function of planning for transport infrastructure and the efficient movement and parking of traffic. Encompasses all service/facilities above the road surface.
Youth Services	The function of providing services that promote the wellbeing and independence of youth.
Waste Management	The function of providing services to ratepayers for the removal of solid waste, destruction and waste reduction.

5 PUBLIC PARTICIPATION

5.1 Council Meetings

Members of the public have a number of opportunities to put forward their views on particular issues before the Council.

These are:

- a) Deputations Members of the public can address the Council (or with the permission of the Committee Chairman, a Committee) a on behalf of a group of residents.
- b) Residents are notified of some Development Applications requiring the approval of the Council. A number of applications are exempted from public notification by Town Planning Scheme No. 3. When an application is publicly notified, residents have the opportunity to write to the Council expressing their view of the application and/or to subsequently personally address the Council before a decision is made.
- c) Petitions Written petitions can be addressed to the Council on any issue within its jurisdiction.
- d) Presentations With prior notification and approval, a member of the public can address the Council on any issue relevant to the Council.
- d) Written Requests Members of the public can write to the Council on any Council policy, activity or service.
- e) Question Time Time is made available at every Council Meeting for members of the public to ask questions and have them responded to by the Council, unless the question is outside the legislation or deemed unreasonable.
- f) Elected Members Members of the public can contact their elected members of Council to discuss any issue relevant to the Council.

5.2 Community Consultation

To ensure that all the community's needs and expectations are met, community consultation is carried out on various issues that affect the Shire and can take the form of:

- Public Forums;
- Submissions;
- Community Survey; and
- Survey of people registered on a community database.

Sufficient time is allocated to allow stakeholders and the community adequate time to respond to issues. Advising the community and stakeholders of issues can take the form of:

- Media articles;
- Local newspaper advertisements;
- Council publications, including 'Shire Flyer';
- Shire website:

- Newsletters/direct mail outs;
- Posters/flyers;
- Information displays; and
- Public forums.

6 COUNCIL DOCUMENTS

6.1 Policies, Strategies and Plans

- Policy Manual;
- Strategic Community Plan;
- Corporate Business Plan;
- Asset Management Plans;
- Long Term Financial Plan;
- Workforce Plan;
- Planning Vision;
- Local Planning Strategy;
- Town Planning Scheme No.3;
- Public Open Space Strategy;
- Mount Barker and Kendenup Sport and Recreation Plans;
- Disability Access and Inclusion Plan;
- Equal Employment Opportunity Management Plan;
- Information Technology Strategic Plan;
- Saleyards Strategic Plan and Business Plan;
- Plantagenet Trails Masterplan;
- Asset Register;
- Gravel Sheeting Strategy;
- Townsite Drainage Plans;
- Roman Database:
- Twelve year Plant Replacement Program;
- Five Year Road Construction Program.

6.2 Brochures/Booklets

Brochures and booklets are available on a range of topics relating to the Shire such as the Annual Financial Report, Annual Report, Strategic Community Plan; environmental health; licensing and other topics of community interest.

6.3 Documents Available for inspection

The following documents are available for public inspection at the Council Office or via our Website (www.plantagenet.wa.gov.au) free of charge. Copies may be subject to a photocopy charge of \$0.30 per A4 single page.

Document	Details
Annual Budget	Council Office and Website
Annual Report	Council Office and Website
Audit Financial Statements	Council Office and Website
Code of Conduct	Council Office / Website
Council Policies	Council Office / Website
Council / Committee Agendas	Council Office / Website
Council / Committee Minutes	Council Office / Website
Freedom of Information Statement	Council Office / Website
Rate Book	Council Office
Register of Fees and Charges levied	Council Office / Website
Local Laws	Council Office / Website
Register of Interest (Elected Members)	Council Office
Register of Tenders	Council Office
Strategic / Management Plans	Council Office / Website

6.4 Other Information Requests

Requests for information, not shown above will be considered in accordance with the Freedom of Information Act provisions. Under this legislation, applications must be submitted in written form and will be subject to an application fee where applicable unless the applicant is granted as exemption.

Should the application require copies of any documents inspected pursuant to a Freedom of Information request, the charges will apply. It should be noted that some documents are for viewing only and cannot be copied as such copy would breach the Copyright Act 1968.

7 FREEDOM OF INFORMATION PROCEDURES AND ACCESS ARRANGEMENTS

It is the aim of the Shire of Plantagenet to make information available promptly and at the least possible cost, and whenever possible documents will be provided outside the FOI process.

If information is not routinely available, the Freedom of Information Act 1992 provides the right to apply for documents held by the Council and to enable the public to ensure that personal information in documents is accurate, complete, up to date and not misleading.

7.1 FOI Applications

Access applications have to:

- be in writing;
- give enough information so that the documents requested can be identified;
- give an Australian address to which notices can be sent; and
- be lodged at the Shire with any application fee payable.

Applications and enquires should be addressed to the Freedom of Information Coordinator, PO Box 48, Mount Barker WA 6324 or telephone 08 9892 1111.

Applications will be acknowledged in writing. The applicant will be notified of the decision within 45 days.

7.2 FOI Fees and Charges

A scale of fees and charges is set under the FOI Act Regulations. Apart from the application fee for non-personal information all charges are discretionary. The charges are as follows:

Type of Fee

•	Personal information about the applicant	No Fee
•	Application fee (for non personal information)	\$30.00

Type of charge

•	Charge for time dealing with application (per hour or pro rata)	Budget cost
•	Access time supervised by staff (per hour or pro rata)	Budget cost
•	Photocopying staff time (per hour or pro rata)	Budget cost
•	Per photocopy	Budget cost
•	Duplicating a tape, film or computer information	Actual cost
•	Delivery, packaging and postage	Actual cost

Deposits

•	Advance deposit which may be required of the estimated charges	25%
•	Further advance deposit may be required to meet the charges for	
	dealing with the application	75%
•	Pension concession	25%

7.3 Access Arrangements

Access to documents can be granted by way of inspection, a copy of a document, a copy of an audio or video tape, a computer disk, a transcript of a recorded, shorthand or encoded document from which words can be reproduced.

7.4 Notice of Decision

As soon as possible, but in any case within 45 days, you will be provided with a notice of decision which will include details such as:

- the date which the decision was made;
- the name and the designation of the officer who made the decision;
- if the document is an exempt document the reasons for classifying the matter exempt; or the fact that access is given to an edited document; and/or
- information on the right to review and the procedures to be followed to exercise those rights.

7.5 Refusal of Access

Applicants who are dissatisfied with a decision of the Council are entitled to ask for an internal review by the Shire. Applications should be made in writing within 30 days of receiving the notice of decision.

Applicants will be notified of the outcome of the review within 15 days.

Applicants can apply to the Information Commissioner for an external review, and details would be advised to applicants when the internal review decision is issued.

8 AMENDMENT OF COUNCIL RECORDS

A member of the public may gain access to Council documents to seek amendments concerning their personal affairs by making a request under the Local Government Act 1995. A member of the public may then request a correction to any information about themselves that is incomplete, incorrect, misleading or out of date.

To gain access to Council records, a member of the public must make a written application to the Freedom of Information Officer as indicated above outlining the records that he/she wishes to inspect.

At its meeting held on 25 June 2013, the Council resolved to adopt a Corporate Business Plan for the Shire of Plantagenet for the period 2013/14 – 2017/18. It is a requirement to review the Corporate Business Plan every year, with the first review taking place on 19 August 2014. The Corporate Business plan sets strategic direction and identifies priority areas over a shorter time frame than the Strategic Community Plan.

The Shire has implemented Interplan software to enable the progress and performance of actions and projects to be tracked. Interplan software has been used to report on progress in this Annual Report.

Financial Report

For the Year Ended 30 June 2014

Local Government Act 1995 Local Government (Financial Management) Regulations 1996

Statement by Chief Executive Officer

The attached financial report of the Shire of Plantagenet being the annual financial report and supporting notes and other information for the financial Year Ended 30 June 2014 are, in my opinion, properly drawn up to present fairly the financial position of the Shire of Plantagenet as at 30 June 2014 and the results of the operations for the financial year then ended in accordance with the Australian Accounting Standards and comply with the provisions of the Local Government Act 1995 and the regulations under that Act.

Signed as authorisation of issue on the 27th day of November 2014

Rob Stewart

Chief Executive Officer

Shed.

Add Less

1. Significant Accounting Policies

The significant accounting policies which have been adopted in the preparation of this financial report are:

(a) Basis Of Preparation

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 20 to these financial statements.

(b) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a Gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

(c) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

1. Significant Accounting Policies (Continued)

(d) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(e) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

(f) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory Requirement to Revalue Non-Current Assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

- (a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and
- (b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government
 - (i) that are plant and equipment; and
 - (ii) that are -
 - (I) land and buildings; or
 - (II) infrastructure;

and

(c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

1. Significant Accounting Policies (Continued)

(f) Fixed Assets (Continued)

Mandatory Requirement to Revalue Non-Current Assets (Continued)

In 2013, the Council commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

Land Under Control

In accordance with Local Government (Financial Management) Regulation 16(a), the Council was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Whilst they were initially recorded at cost, fair value at the date of acquisition was deemed cost as per AASB 116.

Initial Recognition and Measurement between Mandatory Revaluation Dates

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework detailed above.

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Transitional Arrangement

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Council may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy detailed in the Initial Recognition section as detailed above.

Those assets carried at fair value will be carried in accordance with the Revaluation Methodology section as detailed above.

1. Significant Accounting Policies (Continued)

(f) Fixed Assets (Continued)

Early Adoption of AASB 13 - Fair Value Measurement

Whilst the new accounting standard in relation to Fair Value, AASB 13 – Fair Value Measurement only become applicable for the year ended 30 June 2014 (in relation to the Council), given the legislative need to commence using Fair Value methodology in the previous reporting period (year ended 30 June 2013) the Council chose to early adopt AASB 13 (as allowed for in the standard).

As a consequence, the principles embodied in AASB 13 – Fair Value Measurement have been applied to the previous reporting period (year ended 30 June 2013).

Land under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16 (a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) Restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount; or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

1. **Significant Accounting Policies (Continued)**

(f) **Fixed Assets (Continued)**

Depreciation (Continued)

Major depreciation periods used for each class of depreciable asset are:

Buildings 30 to 50 years Furniture and Equipment 4 to 100 years Plant and Equipment 5 to 15 years

Sealed roads and streets

formation not depreciated pavement 50 years seal

- bituminous seals 20 years - asphalt surfaces 25 years

Gravel roads

formation-clearing and earthworks not depreciated pavement-construction 50 years gravel sheet 12 years

Formed roads (unsealed)

formation not depreciated pavement 50 years 20 years Footpaths - slab 100 years Sewerage piping Water supply piping and drainage systems 75 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise. When revalued assets are disposed of, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

Capitalisation Threshold

Expenditure on items of equipment under \$2,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

(g) Fair Value of Assets and Liabilities

When performing a revaluation, the Council uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that Council would receive to sell the asset or would have to pay to transfer a liability, in an orderly (ie unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

1. Significant Accounting Policies (Continued)

(g) Fair Value of Assets and Liabilities (Continued)

To the extent possible, market information is extracted from either the principal market for the asset (ie the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (ie the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

l evel 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Council selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Council are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

1. Significant Accounting Policies (Continued)

(g) Fair Value of Assets and Liabilities (Continued)

Cost approach (Continued)

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Council gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets carried at a revalued amount to be revalued at least every 3 years.

(h) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Council commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit of loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is calculated as:

- (a) the amount at which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

The effective interest method used is to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit and loss

Financial assets are classified at 'fair value through profit or loss' when they are held for trading for the purpose of short-term profit taking. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

1. Significant Accounting Policies (Continued)

(h) Financial Instruments (Continued)

Classification and Subsequent Measurement (Continued)

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Council has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

(v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Impairment

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the Council no longer has any significant continual involvement in the risks and benefits associated with the asset.

Shire of Plantagenet

Notes to and Forming Part of the Financial Report For the Year Ended 30 June 2014

1. Significant Accounting Policies (Continued)

(h) Financial Instruments (Continued)

Classification and Subsequent Measurement (Continued)

Derecognition (Continued)

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(i) Impairment of Assets

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

(j) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(k) Employee Benefits

Short-Term Employee Benefits

Provision is made for the Council's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Council's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Council's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Other Long-Term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Council's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Council does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

(I) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

1. Significant Accounting Policies (Continued)

(m) Provisions

Provisions are recognised when the Council has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(n) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Council, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight live basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

(o) Investments in Associates

An associate is an entity over which the Council has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Council's share of net assets of the associate. In addition, the Council's share of the profit or loss of the associate is included in the Council's profit or loss.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Council's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Council and the associate are eliminated to the extent of the Council's interest in the associate.

When the Council's share of losses in an associate equals or exceeds its interest in the associate, the Council discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Council will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

(p) Interests in Joint Arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method. Refer to note 1(o) for a description of the equity method of accounting.

1. Significant Accounting Policies (Continued)

(p) Interests in Joint Arrangements

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Council's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements. Information about the joint ventures is set out in Note 17.

(q) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 2(c). That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

(r) Superannuation

The Council contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Council contributes are defined contribution plans.

(s) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Council's intentions to release for sale.

(t) Rounding Off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

(u) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Council applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

(v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

1. Significant Accounting Policies (Continued)

(w) New Accounting Standards and Interpretations for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Council.

Management's assessment of the new and amended pronouncements that are relevant to the Council, applicable to future reporting periods and which have not yet been adopted are set out as follows:

	Title	Issued / Compiled	Applicable ⁽¹⁾	Impact
(i)	AASB 9 – Financial Instruments	December 2013	1 January 2017	Nil – The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the Council, it is not anticipated the standard will have any material effect.
(ii)	AASB 2010 -7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010)	December 2013	1 January 2017	Nil - The revisions embodied in this standard give effect to the consequential changes arising from the issuance of AASB 9 which is not anticipated to have any material effect on the Council (refer (i) above).

[AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127]

1. Significant Accounting Policies (Continued)

	[Operative dates: Part A Conceptual Framework – 20 December 2013; Part B			various Australian Accounting Standards in advance of the withdrawal of AASB 1031.
	Materiality – 1 January 2014; Part C Financial Instruments – 1 January 2015]			Part C of this standard makes consequential amendments to AASB 9 and numerous other standards and amends the permissions around certain applications relating to financial liabilities reissued at fair value.
	Notes:			As the bulk of changes related either to editorial or reference changes it is not expected to have a significant impact on the Council.

 $^{^{\}left(1\right)}$ Applicable to reporting periods commencing on or after the given date.

1. Significant Accounting Policies (Continued)

(x) Adoption of New and Revised Accounting Standards

During the current year, the Council adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

These new and revised standards were:

AASB 10	AASB 128	AASB 2012 - 2
AASB 11	AASB 2011 - 7	AASB 2012 - 3
AASB 12	AASB 2011 - 9	AASB 2012 - 5
AASB 119	AASB 2011 - 10	AASB 2012 - 10
AASB 127		

Most of the standards adopted had a minimal effect on the accounting and reporting practices of the Council as they did not have a significant impact on the accounting or reporting practices or were either not applicable, largely editorial in nature, were revisions to help ensure consistency with presentation, recognition and measurement criteria of IFRSs or related to topics not relevant to operations.

2.	Revenue and Expenses	Note	2014 \$	2013 \$
(a)	Net Result			
	The Net Result includes:			
	(i) Charging as an Expense:

	- Other Funds	70,184	110,000	112,301
	Other Interest Revenue (refer Note 27)	60,843	47,000	48,358
		170,797	237,000	244,962
(b)	Correction of Prior Period Errors			
	Retained Surplus to Revaluation Reserve	26,182	0	0
		26,182	0	0

As requested by the Department of Local Government and Communities, an adjustment has been made between Retained Surplus and the Revaluation Reserve due to asset classes netted off when they should have been separated. A property, plant and equipment increment of \$471,415 had been netted off against a plant and equipment decrement of \$26,182 in the Statement of Comprehensive Income (shown as \$445,233). They should have been treated separately as Other Comprehensive Income (\$471,415) and a sum of \$26,182 recognised in profit and loss.

2. Revenues and Expenses (Continued)

(c) Statement of Objective

In order to discharge its responsibilities to the community, the Shire has developed a set of operational and financial obectives. These objectives have been established both on an overall basis, reflected by the Shire's Vision, and for each of its broad activities/programs.

Our Vision

We see families and economic development as the mainstay for creating a community that will provide everything that is needed: economic security, safety and social networks within an environment that is clean and safe. A district where people will come to raise families because of educational opportunities, health facilities, economic infrastructure and a variety of housing opportunities.

General Purpose Funding

Objective: To collect revenue to allow for the provision of services. Activities: Rates, general purpose government grants and investments.

Governance

Objective: To provide a decision making process for the efficient allocation of scarce resources.

Activities: Administration and operation of facilities and services to members of the Council; Other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific Council services.

Law, Order and Public Safety

Objective: To provide services to help ensure a safer community.

Activities: Fire prevention, emergency services, animal control and administration of local laws.

Health

Objective: To provide an operational framework for good community health.

Activities: Inspection of food outlets and their control, noise control, pest control, immunisation services, inspection of abattoir.

Education and Welfare

Objective: To provide services to disadvantaged persons, the elderly, children and youth.

Activities: Maintenance of Child Care Centre, assistance to playgroup, Plantagenet Village Homes and other voluntary services.

Community Amenities

Objective: Provide services required by the community.

Activities: Rubbish collection services, cemeteries, public toilets, operation of refuse sites and administration of the Town Planning Scheme.

Recreation and Culture

Objective: To establish and manage infrastructure and resources to assist the social well being of the community.

Activities: Operation of community halls and pavilions, ovals, public swimming pool, libraries, art gallery, recreation centre and various reserves. Provision of Mitchell House (art centre).

2. Revenues and Expenses (Continued)

(c) Statement of Objective (Continued)

Transport

Objective: To provide effective and efficient transport infrastructure to the community.

Activities: Construction and maintenance of streets, roads and bridges and lighting of streets.

Economic Services

Objective: To promote the Shire and improve its economic wellbeing.

Activities: The development of tourism and area promotion. Regulation of building control.

Provision of standpipes.

Other Property and Services

Objective: To monitor and control the Council's overheads operating accounts.

Activities: Private works, Public works and plant overhead allocations.

2. REVENUE AND EXPENSES (Continued)

Notes:

- (1) Grants/contributions recognised as revenue in a previous reporting period which were not expended at the close of the previous reporting period.
- (2) New grants/contributions which were recognised as revenues during the reporting period and which had not yet been fully expended in the manner specified by the contributor.
- (3) Grants/contributions which have been recognised as revenues in a previous reporting period or received in the current reporting period and which were expended in the current reporting period in the manner specified by the contributor.
- (4) The contribution from Wescress of \$48,436.00 has been transferred to a reserve 'Roadworks Spring Road' as it may be some years before this is work is undertaken.
- (5) The contributions from DEC, FRRR and the State NRM Office for the Mount Barker Wetlands project were returned to those organisations as the Council decided not to undertake this project.

Land and Buildings:

6.

The Shire's land and buildings were revalued at 30 June 2014 by independent valuers.

In relation to land and non-specialised buildings, valuations were made on the basis of observable open market values of similar assets, adjusted for condition and comparability, at their highest and best use (Level 2 inputs in the fair value hierarchy).

With regard to specialised buildings, these were valued having regard for their current replacement cost utilising both observable and unobservable inputs being construction costs based on recent contract prices, current condition (Level 2 inputs), residual values and remaining useful life assessments (Level 3 inputs).

Given the significance of the Level 3 inputs into the overall fair value measurement, these specialised building assets are deemed to have been valued using Level 3 inputs.

These Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

The revaluation of these assets resulted in an overall increase of \$31,874,585 in the net value of the Shire's land and buildings. All of this increase was credited to the revaluation surplus in the Shire's equity (refer Note 13 for further details) and was recognised as Changes on Revaluation of non-current Assets in the Statement of Comprehensive Income.

6. Property, Plant and Equipment (Continued) Land and Buildings: (Continued)

With regard to land vested in and under the control of the Council, these assets were originally recognised as at 30 June 2013 at deemed cost where cost was effectively the fair value at the date of recognition.

As land vested in and under the control of the Council is Crown Land restricted as to usage, it is not possible for an alternative usage to be considered when arriving at the fair value. In addition, due to its nature, any significant value attributable directly to the land would likely be offset by the need to return value to the Crown before any restriction is lifted, thus reducing the net fair value to nil.

Consequently, the original value of deemed cost was obtained having regard for the current replacement cost of the improvements on the land to allow for its current restricted usage.

These included both observable and unobservable inputs being construction costs based on recent contract prices, current condition (Level 2 inputs), residual values and remaining useful life assessments (Level 3 inputs).

Given the significance of the Level 3 inputs into the overall fair value measurement, this land vested in and under the control of the Council is deemed to have been valued using Level 3 inputs.

These Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

Due to the mandatory fair value measurement framework as detailed in Note 1(f), Land Vested in and under the control of the Council required a fair value assessment to occur in the current year. This was performed by an independent valuer as at 30 June 2014.

Furniture and Equipment Plant and Equipment:

Both Furniture and Equipment and Plant and Equipment were revalued in 2013 as part of the mandatory requirements embodied in Local Government (Financial Management) Regulation 17A.

Whilst the additions since that time are shown at cost, given they were acquired at arms length and any accumulated depreciation reflects usage of service potential, it is considered the recorded written down value approximates fair value. Thus, the value is considered in accordance with Local Government (Financial Management) Regulation 17A (2) which requires these assets to be shown at fair value.

They will be revalued during the year ended 30 June 2016 in accordance with the mandatory asset measurement framework detailed in Note 1(f).

8. Intangibles

Easements

Due to changes to Regulation 16 of the Local Government (Financial Management) Regulations, an easement granted in favour of the Council over any land is to be recorded as an asset of the Council. An easement is an intangible asset as it confers a right of access only and no ownership over land. A total of 17 easements have been recorded in the Council's asset register, however the fair value is judged to be immaterial and no value has been applied. In addition, easements have an indefinite life and no amortisation would apply.

12. Reserves - Cash Backed (continued)

All of the reserve accounts are supported by money held in financial institutions and match the amounts shown as restricted reserves cash in Note 3 to this financial report.

In accordance with Council resolutions in relation to each reserve account, the purpose for which the funds are set aside are as follows:

Employee Entitlements Reserve

To fund sick, annual and long service leave entitlements for former staff called upon by other local governments and unplanned payments of annual leave and long service leave liabilities.

Plant Replacement Reserve

For the purchase of works vehicles, plant and machinery.

Drainage and Water Management Reserve

To fund the planning and construction of drainage and water management projects.

Mount Barker Regional Saleyards Reserve

To require the Saleyards to operate in a self sufficient manner by funding capital works and retaining operating surpluses and/or funding operating deficits (excluding non-cash items).

Land Rehabilitation Reserve

For the rehabilitation of the old saleyards site on Woogenellup Road.

Waste Management Reserve

For the funding of waste management infrastructure and major items of associated plant / equipment.

Computer Software/Hardware Upgrade Reserve

For the upgrade of business system software and hardware with latest versions and additional functionality.

Outstanding Land Resumptions Reserve

For old / outstanding obligations for land resumptions associated with road realignments and the like.

Shire Development and Building Improvements Reserve

For planned major projects and developments and planned major building renewal, improvements and refurbishments as decided by the Council.

Natural Disaster Reserve

For the Council's proportion of natural disaster events in the Shire of Plantagenet.

Plantagenet Medical Centre Reserve

For the renewal, refurbishments and improvements to the Plantagenet Medical Centre and return part of

Recycling Bin Reserve

For the purchase of recycling bins to enable such a service to be implemented.

Spring Road Roadworks Reserve

For the construction of roadworks in Spring Road, Porongurup as required by the relevant subdivision condition.

The majority of these reserves are not expected to be used within a set period as further transfers to the reserve accounts are expected as funds are utilised.

The Land Rehabilitation Reserve will be funded from part of the proceeds of sale of old depot site land in Menston Street. This will probably not be for some years as the site is still being decontaminated and will need to be subdvided and put on the market at an appropriate time. At that point, the Council will consider an allocation to the rehabilitation of the old saleyards site in Woogenellup Road.

	Total Facilities in Use at Balance Date	3,327,405	3,717,757
	Unused Loan Facilities at Balance Date	0	298,903

15. Contingent Liabilities

The Council has a joint contingent liability with the Baptist Union of WA for the repayment of a \$100,000 loan (for the Mount Barker Community Centre) to the Minister for Regional Development in the event of default of the service at the new centre. The Council has received a letter from the Baptist Union of WA advising that they have undertaken to carry on the service in event of the local Baptist Church defaulting.

16. Capital and Leasing Commitments

(a) Finance Lease Commitments

There are no outstanding finance lease commitments at 30 June 2014.

(b)	Operating Lease Commitments Non-cancellable operating leases contracted for but not capitalised in the accounts.	2014 \$	2013 \$
	Payable: - not later than one year - later than one year but not later than five years	21,741 8,385 30,125	15,563 13,619 29,182
(c)	Capital Expenditure Commitments Contracted for: - Capital expenditure project (Sounness Park Redevelopment)	0	4,688,253
	Payable: - not later than one year	0	4,688,253

17. Joint Venture

The Minister of Education and the Shire of Plantagenet jointly funded the construction of the School and Community Recreation Centre during 1997/1998. The Recreation Centre was built on land vested in the Ministry of Education which has granted the Shire a 21 year licence to use the facilities for recreational purposes. Whilst utilities and maintenance expenses are to be shared, garden maintenance costs are to be borne entirely by the Ministry. The Council's share of these assets as follows:

		2014 \$	2013 \$
	Non-Current Assets		
	Infrastructure	1,409,979	1,399,210
	Less: Accumulated Amortisation	(1,026,341)	(947,560)
		383,638	451,650
18.	Total Assets Classified by Function and Activity		
	Governance	5,204,931	3,024,092
	Law, Order, Public Safety	3,447,204	1,441,589
	Health	30,996	36,900

	1,793,992	2,007,827

There were several changes during the year to the amount of the fees or charges detailed in the original budget. At its meeting held on 17 September 2013, the Council adopted revised fees for the registration of dogs and new fees for the registration of cats. At its meeting held on 4 March 2014, the Council adopted new fees for the impoundment of cats and for a daily sustenance charge at the Mount Barker Cat Management Facility.

29. Grant Revenue

Grants, subsidies and contributions are included as operating revenues in the Statement of Comprehensive Income.

34. Financial Risk Management

The Council's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk. The Council's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Council.

The Council does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council.

The Council held the following financial instruments at balance date:

Carrying	y Value	Fair Va	alue
2014	2013	2014	2013
\$	\$	\$	\$
1,764,884	3,160,938	1,764,884	3,160,938

Fair value is determined as follows:

- * Cash and Cash Equivalents, Receivables, Payables estimated to the carrying value which approximates net market value.
- * Borrowings estimated future cash flows discounted by the current market interest rates applicable to assets and liablities with similar risk profiles.
- * Available For Sale Financial Assets based on quoted market prices at balance date or independent valuation.

(a) Cash and Cash Equivalents

Financial assets at fair value through profit and loss

Available-for-sale financial assets

The Council reviewed its Investments Policy on 27 August 2013. The Council's objective is to support the local community bank through its operating account, but to maintain sufficient diversity in order to secure the government guarantee on funds. The Council seeks a moderate return on cash and investments whilst maintaining an adequate level of liquidity and preserving capital.

The major risk associated with investments is price risk, the risk that the capital value of investments may fluctuate due to changes in market prices, whether these changes are caused by factors specific to individual financial instruments of their issuers or factors affecting similar instruments traded in a market.

Cash and investments are also subject to interest rate risk, the risk that movements in interest rates could affect returns.

Another risk associated with cash and investments is credit risk, the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to the Council.

The Council manages these risks by investing in low risk bank term deposits and NCDs.

34. Financial Risk Management (Continued)

(a) Cash and Cash Equivalents (Continued)

Financial assets at fair value through profit and loss (Continued)

Available-for-sale financial assets (Continued)

Impact of a 10% (*) movement in price of investments:	30-Jun-14 \$	30-Jun-13 \$

Impact of a 1% (*) movement in interest rates on cash and investments:		
- Equity - Statement of Comprehensive Income	36,270 36,270	43,207 43,207

Notes:

(*) Sensitivity percentages based on management's expectation of future possible market movements.

Recent market volatility has seen large market movements for certain types of investments.

(+) Maximum impact.

(b) Receivables

The Council's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. The Council manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Council to recover these debts as a secured charge over the land - that is, the land can be sold to recover the debt. The Council is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is monitored for acceptable collection performance. The Council makes suitable provision for doubtful receivables as required.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

The profile of the Council's credit risk at balance date was:

	30-Jun-14	30-Jun-13
Percentage of Rates and Annual Charges		
- Current - Overdue	0.00% 100.00%	18.16% 81.84%
Percentage of Other Receivables		
- Current - Overdue	88.81% 11.19%	87.74% 12.26%

34. Financial Risk Management (Continued)

(c) Payables

Borrowings

Payables and borrowings are both subject to liquidity risk - that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Council manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the Council's Payables and Borrowings are set out in the Liquidity Sensitivity Table below:

	Due Within One Year \$	Due Between One and Five Years \$	Due After Five Years \$	Total Contractual Cash Flows \$	Carrying Values \$
<u>2014</u>					
Payables	656,503	0	0	656,503	656,503

Borrowings	468,745	1,874,981	2,521,968	4,865,695	3,717,757
	1,724,174	1,874,981	2,521,968	6,121,124	4,973,186

34. Financial Risk Management (Continued)

(c) Borrowings (Continued)

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Council manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation.

Waighted

The following tables set out the carrying amount, by maturity, of the financial instruments exposed to interest rate risk:

	<1 Year \$	>1<2 Years \$	>2<3 Years \$	>3<4 Years \$	>4<5 Years \$	>5 Years \$	Total \$	Average Effective Interest Rate

Ratio Information

The following information relates to those ratios which only require an attestation they have been checked and are supported by verifiable information. It does not form part of the audited annual financial report.

	2014	2013	2012
Asset Consumption Ratio Asset Renewal Funding Ratio	0.188 0.970	0.122 1.024	N/A N/A
The above ratios are calculated as follows:			
Asset Consumption Ratio		ated replacement cost of deprec	
Asset Renewal Funding Ratio		ned capital renewals over the capital expenditure	

Note - In keeping with amendments to Local Government (Financial Management) Regulation 50, comparatives for 2012 have not been reported as financial information is not available.

2 December 2014

Attn: Rob Stewart Chief Executive Officer Shire of Plantagenet PO Box 48 MT BARKER WA 6324

Dear Councillors,

Audit for the year ended 30 June 2014

We are pleased to report that our audit of the Shire of Plantagenet's financial statements and records for the year ended 30 June 2014 is now complete.

Accordingly we enclose a signed copy of the financial statements and audit certificate for your attention.

We confirm that we will arrange for one copy to be forwarded directly to the Department of Local Government, and the Shire President on your behalf.

Prior to reporting findings for Council and Management of the nature of audit tests conducted. The work undertaken by us to form an opinion is permeated by judgment, in particular regarding the nature, timing and extent of the audit procedures for gathering of audit evidence and the drawing of conclusions based on the audit evidence gathered.

In addition, there are inherent limitations in any audit. These include the use of testing, collusion and the fact that most audit evidence is persuasive rather than conclusive. As a result, our audit provides reasonable – not absolute – assurance that the financial systems of the Shire of Plantagenet are functioning reliably.

In general we found the financial statements presented for audit were well prepared and supporting audit papers were complete and readily available.

We undertook a complete assessment of the Shire's financial systems and assessed areas of risk.

We are pleased to report that this review confirmed the strong internal controls within the financial and reporting systems of the Shire of Plantagenet.

Comment on Financial Position

The following table compares your financial ratios (note 19) to standards prescribed by the Local Government Regulations:

Ratio	Description	Result	Prescribed Standard
Current Ratio	Indicates the Shire's ability to meet short term debt obligations.	0.650	The standard is met if the ratio is greater than 1.
Asset Sustainability Ratio	Indicates that the Shire is replacing or renewing existing non-financial assets at the same rate that its overall asset stock is wearing out.	1.178	The standard is met if the ratio is 0.9 or higher.
Debt Service Cover Ratio	Indicates the Shire's ability to repay its debt including lease payments.	4.250	A basic standard is met if the ratio is greater than or equal to 2. An advanced standard is met if the ratio is greater than 5.
Operating Surplus Ratio	Indicates the Shire's ability to cover its operational costs and have revenues available for capital funding or other purposes.	(0.258)	A basic standard is met between 0.01 and 0.15. An advanced standard is met if the ratio is greater than 0.15.
Own Source Revenue Coverage Ratio	Indicates the Shire's ability to cover its costs through its own revenue efforts.	0.677	A basic standard is met if the ratio is between 0.4 and 0.6. Intermediate standard is between 0.6 and 0.9. An advanced standard is met if the ratio is greater than 0.9.
Asset Consumption Ratio	Measures the extent to which depreciable assets have been consumed by comparing their written down value to their replacement cost	0.188	The standard is met if the ratio is 0.5 or greater. The standard is improving if the ratio is between 0.6 and 0.75.
Asset Renewal Funding Ratio	Measures the ability of the Shire to fund its projected asset renewal/replacements in the future.	0.970	The standard is met if the ratio is between 0.75 and 0.95. The standard is improving if the ratio is between 0.95 and 1.05.

Other Matters

We refer you to the attached audit observations and comments schedule.

In conclusion we take this opportunity to thank John, Brendan and your administration staff for their pleasant and co-operative assistance throughout the audit.

Should there be any matters that you would like to discuss further please do not hesitate to contact us.

Kind Regards

Russell Harrison

Partner

M to t	Drocont Drockling Finding	D. Comment of the Com	
Rate Debtors	A detailed report of rates receivable as at year end reconciled to the general ledger was not available for audit. We understand that the Civic Authority software does not enable this report to be run at a later date, as numerous adjustments are made as at year end. The rates trial balance subsidiary ledger as at 30 June 2014 shows \$276,791.01. The general ledger shows: Current Rates \$228,077.21 Current ESL \$5,258.55 Non Current Rates \$42,789.03 Total Rates \$276,224.79 Variance \$56.22 We undertook alternative testing to support the asserted balance of rate debtors in the general ledger.	Whilst we did not consider that the variance was material, we recommend that the final rates general ledger balance at close off be reconciled to the rates trial balance to ensure accuracy of the ledger. All reports are to be retained.	As part of future year end processes, the relevant detailed rates outstanding report will be run and kept in electronic format to ensure that the reconciliation to General Ledger balances can be verified.
Creditors	The creditors ledger records creditors exclusive of GST. Accounting policy notes and generally accepted accounting principles require that the creditors balance be reported inclusive of GST. We note that this anomaly does not impact on the current ratio because the GST liability is similarly understated.	Whilst we did not consider that the variance was material, we recommend that the creditors and debtors ledger report payables and receivables inclusive of GST.	As part of future annual report preparation, an adjustment will be made to reflect creditor and debtor figures inclusive of GST.
Non Current Rates	In accordance with Accounting Standards AASB 101 para 66, Council is required to classify as non current any rates which are not considered to be collectible within twelve months. Prior to making any adjustment in this regard we need to consider the amount and likelihood of collection within 12 months of year end.	We recommend that at year end, for financial reporting purposes, Council make an informed estimate of what portion of rates outstanding are considered collectible within twelve months. We request that we then be contacted to make a determination as to materiality.	As part of future annual report preparation, an estimate of what portion of rates outstanding can be collected within twelve months will be made. The Audit Team will be advised in order to determine materiality.

INDEPENDENT AUDITOR'S REPORT TO THE RATEPAYERS OF THE SHIRE OF PLANTAGENET

Report on the Financial Report

We have audited the accompanying financial report of the Shire of Plantagenet, which comprises the balance sheet as at 30 June 2014, statement of comprehensive income by nature or type, statement of comprehensive income by program, statement of changes in equity, statement of cash flows and the rate setting statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the statement by Chief Executive Officer.

Management's Responsibility for the Financial Report

Management is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting, the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended) and for such internal control as management determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud and error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by council, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have followed applicable independence requirements of Australian professional ethical pronouncements.

INDEPENDENT AUDITOR'S REPORT TO THE RATEPAYERS OF THE SHIRE OF PLANTAGENET

Auditor's Opinion

In our opinion the financial report of the Shire of Plantagenet is in accordance with the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended), including:

- (a) giving a true and fair view of the Shire's financial position as at 30 June 2014 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards (including the Australian Accounting Interpretations), the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

Other Matters

In accordance with the Local Government (Audit) Regulations 1996, we also report that:

- (a) There are no matters that in our opinion indicate significant adverse trends in the financial position or the financial management practices of the Shire.
- (b) No matters indicating non-compliance with Part 6 of the Local Government Act 1995 (as amended), the Local Government (Financial Management) Regulations 1996 (as amended) or applicable financial controls of any other written law were noted during the course of our audit.
- (c) All necessary information and explanations were obtained by us.
- (d) All audit procedures were satisfactorily completed in conducting our audit.
- (e) In relation to the Supplementary Ratio Information presented at page 54 of this report, we have reviewed the calculations as presented and in our opinion these are:
 - i) Based on verifiable information; and
 - ii) Reasonable assumptions.
