National Local Roads & Transport Congress 2017

6-8 NOVEMBER
2017
ALBANY • WA

PRESIDENT'S WELCOME

Colleagues

Every year local government nationally spends around 25 cents in every dollar on local roads and transport. With that level of investment, local governments, without question, have a major stake in the future of Australia's transport systems and networks.

The challenges ahead suggest that all levels of government need to be smarter than we currently are and do more to ensure that our transport infrastructure is fit for purpose. If nothing changes, it is estimated that the cost of congestion will reach around \$30 billion by 2030, and freight is expected to double by 2030 and treble by 2050.

As a nation, there needs to be a serious discussion between all levels of government on how our roads and transport systems are managed and funded and local government must be at the table.

Our challenges are very real and very immediate. In the bush, the capacity of regional economies is constrained by underfunded maintenance and unsafe road conditions, a lack of support for regional transport planning, increased pressure on our infrastructure renewal budgets, all compounded by the ever-increasing freight task.

In the city, councils face many of these challenges as well as a range of emerging issues such as:

- providing electric car charging stations
- smart parking systems
- autonomous/driverless cars
- ever increasing congestion.

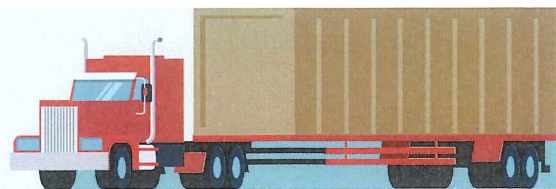

Local Government's role in recognising and resolving these issues is significant. Together, working in partnership with our State and Federal colleagues, we can identify solutions to all challenges.

If you or your teams want to know how to improve your community's roads and infrastructure, if you want to access the latest technology, to be inspired by the best in the business, and to speak directly to our federal decision makers, this is the local government conference for you.

I look forward to seeing you at ALGA's National Local Roads and Transport Congress this year, from 6-8 November 2017 in Albany WA.

Mayor David O'Loughlin
PRESIDENT ALGA

ALBANY SHOWCASE TOUR

Thank you for choosing to travel to Albany for the National Local Roads and Transport Congress. The following itinerary will provide a snapshot of our City. Your planned tour will highlight key transport issues in the Great Southern Region as well as providing opportunity to explore some of the key attractions of the region.

Although it is impossible to fit all aspects of the region within one familiarisation, we have endeavoured to provide you with a broad overview.

Casual dress for travelling and daily activities is recommended. Include enclosed walking shoes, sunscreen, sunglasses, hat, insect repellent and a waterproof coat/jacket (for sea spray at the Gap!). Your hosts and tour guides have a wealth of knowledge, so please ask lots of questions along the way.

For more general information on Albany head to www.amazingalbany.com.au

HOW TO REGISTER

Delegates attending the Roads Congress can be part of the Albany Showcase Tour demonstration for \$75, for non-Congress delegates the price is \$100.

KEYNOTE SPEAKERS

The Hon Darren Chester MP

Minister for Infrastructure and Transport

Darren Chester was elected to Federal Parliament as the Member for Gippsland on June 26, 2008, in a by-election following the retirement of the Hon Peter McGauran.

Darren was re-elected in 2010 and served as the Opposition's Shadow Parliamentary Secretary for Roads and Regional Transport, as well as being an active member of various Parliamentary Committees until the most recent Federal election.

Following a successful campaign in 2013 and the introduction of the Abbott-Truss Government, he was appointed the Parliamentary Secretary to the Minister for Defence.

Darren continued as the Assistant Minister for Defence under the new Turnbull Government and in February 2016, was appointed to Cabinet as the Federal Minister for Infrastructure and Transport.

Prior to entering Federal Parliament, he worked as a newspaper and television journalist throughout Gippsland and then became Chief of Staff to the Leader of The Nationals in Victoria, Peter Ryan.

Darren is a former Chief Executive Officer of regional lobby group Champions of the Bush and served two terms as President of the Lakes Entrance Business Tourism Association (LEBTA), where he was heavily involved in tourism marketing and organising major events.

The Hon Anthony Albanese MP

Shadow Minister for Infrastructure, Transport, Cities and Regional Development

Anthony Albanese grew up in a public housing community in Camperdown and recognised early on the need to fight for social justice, so that there was equal opportunity in society.

That is what led Anthony to join the Australian Labor Party. He developed his political drive working for former prisoner of war and legendary Whitlam and Hawke Government Minister Tom Uren.

In 1996 Anthony was elected as the Member for Grayndler in Sydney's inner west, where he has lived his entire life.

Following the election of the Federal Labor Government in November 2007, Anthony became the Minister for Infrastructure and Transport and Leader of the House of Representatives.

Anthony was named Infrastructure Minister of the Year for 2012 by London based publication Infrastructure Investor. In June 2013, he became Deputy Prime Minister, and also took on additional responsibility as Minister for Broadband, Communications and the Digital Economy. Anthony was re-elected the Member for Grayndler in 2013 and is now the Shadow Minister for Transport and Infrastructure, and the Shadow Minister for Tourism.

Peter Damen

CEO, Australian Road Research Board

Peter Damen is the Chief Operating Officer at the Australian Road Research Board, which conducts applied research in the national interest to achieve an adaptable connected future for all Australians.

Peter is a qualified civil engineer with over 25 years' experience in the transport industry and has a solid background in research, innovation and emerging technologies. Peter works closely with all levels of government and has chaired or participated in numerous industry associations, state advisory committees, accreditation panels, and learned societies. Amongst other responsibilities he is currently a Board member of the Global Road Safety Partnership based in Geneva, the Chair of the Executive Steering Committee of the Australia and New Zealand Driverless Vehicle Initiative, and an International Vice President of the Road Engineering Association of Asia and Australasia. Peter is also responsible for other major national initiatives including the National Road Safety Partnership Program and the National Assets Centre for Excellence.

Dr Andrew Higgins

Principal Research Scientist, CSIRO Land and Water

Andrew is a Principal Research Scientist at the CSIRO Land and Water business unit, based in Brisbane. He joined CSIRO in 1996, with a passion in developing novel methods to optimise agriculture transport and logistics to increase profitability across the supply chains. Andrew worked closely with various Australian agriculture industries (including sugar and beef) for over 15 years, improving strategic and operational planning across all segments between farming and marketing.

From 2012, Andrew led the development of the Transport Network Strategic Investment Tool (TRANSIT), which is a state-of-the-art model for assessing and optimising infrastructure investments (road upgrades, use of rail versus road, processing and storage facilities) and policy interventions in agriculture logistics. It holistically estimates the transport benefits across the freight network, by analysing every possible vehicle and rail trip each year, and optimising routes between all enterprises in the supply network. Recent applications to northern Australia have shown significant transport cost savings at some locations. Andrew has a background in operations research and received his PhD from Queensland University of Technology on the topic of optimising rail freight schedules.

Adrian Kemp

Partner, HoustonKemp

Adrian Kemp is an economist and founding partner of HoustonKemp, a firm dedicated to the application of economics and data analytics to complex problems arising in public policy and business.

He has a particular interest in the role that technology and emerging data can play to improve transport infrastructure policy and practices within Australia and regionally, and so delivering better outcomes for the community through improved productivity and effectiveness of the transport industry.

This interest stems from having spent much of the last ten years at the forefront of debates surrounding road reform, road infrastructure funding and financing, heavy vehicle regulation, public transport policy, and the regulation of ports. Highlights of this work include shaping current road reform proposals through numerous projects on road infrastructure pricing, investment and funding, and being the principal regulatory advisor to the Victorian government on the Port of Melbourne lease, which involved redesigning the regulatory framework applying to port fees.

Most recently, Adrian has been developing metrics to monitor road safety, speed performance, and reliability, using GPS-probe data, and investigating how blockchain technology and machine learning can revolutionise the transport industry, including improvements to the operations and interactions of road agencies.

Caroline Wilkie

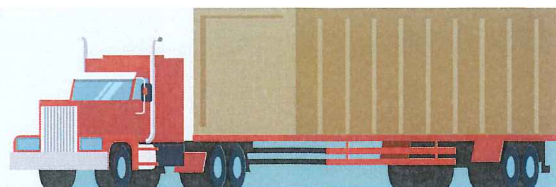

CEO, Australian Airports Association

Caroline Wilkie has been CEO of the Australian Airports Association (AAA) since 2011. The AAA represents all major regular passenger transport airports in Australia as well as council airports.

The membership spans from councils with grass strip runways to Australia's major gateways.

The AAA also represents a further 140 corporate members. The AAA is engaged in research, developing industry publications, education, advocacy and major industry events.

Caroline has a Masters of Public Affairs and more than fifteen years' experience in association management.

CALL FOR CASE STUDIES

Local Government's Freight Strategy

In May 2017, the Government established an inquiry into National Freight and Supply Chain Priorities. The Inquiry is extremely important as the Australian Government seeks to improve freight and supply chain efficiency and capacity, and to reduce the costs of transporting goods through our major container ports, airports and intermodal terminals.

It is essential that local government's voice is heard by the Government and by key decision-makers so that they understand that further strategic investment is needed to address first and last mile issues. On local roads and strategic freight routes investment can unlock transport productivity, particularly in regional and rural Australia.

Last year ALGA released its Local Government Higher Productivity Investment Plan (Freight Strategy). The Plan shows that local government is an essential partner in providing solutions to improve transport productivity. Commonwealth Government

investment of \$200 million per year for five years will enable councils to better address first and last mile access issues on key regional freight routes.

To support this proposal ALGA has a number of excellent examples of regional transport plans that have been developed by Regional Organisations of Councils (ROC) and groups of councils.

However, these examples do not tell the full national story. To advocate for your region, and to help us show the Government the opportunities for investment right across the country, ALGA is seeking more case studies and examples of regional transport plans that have been undertaken by every ROC or regional groups of councils.

These case studies will be published to demonstrate councils' capacity to collaborate, and to play an essential role in regional economic development and national productivity.

WHAT DO WE WANT FROM YOU?

Ideally, we would like you to send us the following information:

- Name of regional partnership/ regional road group
- Councils included in the partnership
- Short summary of regional freight plan or regional freight initiative
- Costs and benefits of the project
- Project planning and implementation timeframes
- Map of area
- Photos.

If you think your council or group of councils can help and would like to have your Plan included in ALGA's advocacy resources, contact:

**Clare Sullivan at ALGA
Phone 02 6122 9400**

CASE STUDY • 2016

Wheatbelt Region WESTERN AUSTRALIA

Local Government's Community Infrastructure Ideas Register

The Australian Local Government Association (ALGA) is developing a register of potential community infrastructure projects around Australia. ALGA will draw on this register in building the evidence base to strengthen the case for a Commonwealth funding program to assist councils to undertake vital projects to meet community needs.

In every town and every community across the nation, Australians are using council owned and managed community infrastructure. Facilities such as public pools, libraries, children's playgrounds, sports fields, youth drop-in centres, bike paths,

arts centres and parks enhance the quality of life and enrich the experience of citizens every day.

Community infrastructure underpins community wellbeing and fosters social interaction, and participation in sport, recreation and cultural endeavours. While some of these facilities are relatively new, many were built decades ago and require significant maintenance and upgrades to ensure they continue to meet the needs of the community.

ALGA is calling for a Commonwealth funding program of \$300 million per annum for four years to improve our community infrastructure.

WE NEED YOUR HELP

We need many council examples to demonstrate the strong need for Commonwealth funding – the register needs to contain at least three projects from every council in Australia.

Register your project ideas by completing the form on the ALGA website at:
www.alga.asn.au

Albany

ANZAC Memorial
Mt Clarence, Albany

CONGRESS LOCATION

Albany is the first settlement in Western Australia, located 418 km south east of Perth and has a population of 33,970. Albany is well known for some of the oldest historic buildings, the wildflower festival which runs from August to November and the Kalget River which is one of the oldest rivers in the world. The Kalget River dates to 4 billion years where it existed from the continent of Gondwana before Australia became its own continent.

ALBANY WEATHER IN NOVEMBER

Albany in November is generally very mild, with daily temperatures around 21 degrees and evening temperatures around 17 degrees.

WEST CAPE

Located on the southern coast and only a 30 minute drive from Albany, West Cape is well known for the stunning Shelley beach and Shelley beach lookout. It is a great location where there are multiple activities for visitors such as camping, fishing, hang-gliding, paragliding, bushwalking and four-wheel driving.

ALBANY WIND FARM

A popular tourist destination open seven days a week, the wind farm runs 80% of Albany's electricity and has beautiful views to the Southern Ocean which are not to be missed.

DESERT MOUNTED CORPS MEMORIAL

The Desert Mounted Corps Memorial highlights memory of the Australian and New Zealand soldiers who served in World War I. Situated on the memorial is a statue showing an Australian horseman defending a New Zealand rifleman standing next to his wounded horse.

TORNDIRRUPT NATIONAL PARK

A popular Western Australian National Park, located 10 kilometres south of Albany, Torndirrup National Park is 3,906 hectares and one of the three connected peninsulas on the southern coastline where headlands and white sandy beaches are hard to miss. Sightseeing highlights are the Natural Bridge, The Gap, Blowholes and Cable Beach.

CONGRESS VENUE

The 2017 National Local Roads and Transport Congress will be held at the Albany Entertainment Centre.

Located by the magnificent Princess Royal Harbour, the Albany Entertainment Centre is the perfect location for the 2017 National Roads Congress. Completed in 2010 the 70 million dollar facility is only minutes away from the main street, accommodation options and restaurants.

Parking at the Centre is free and subject to availability. The car park can take up to 135 vehicles. An alternative option is parking in the CBD north of the railway line.
