

Local Government (Functions and General) Regulations 1996
Schedule 1 Forms

Form 4

Local Government Act 1995

Local Government (Functions and General) Regulations 1996

OBJECTION UNDER SECTION 9.5 OF THE ACT

To the ⁽¹⁾ Plantagenet Shire Council
 I, ⁽²⁾ Margaret Fraser
 of ⁽³⁾ 136 Sixth Ave Kendenup

hereby object to the ⁽⁴⁾ decision to not allow 2 bantam roosters on my property
 to ⁽⁵⁾ as above

The grounds of my objection are as follows:

⁽⁶⁾ The 2 roosters will be contained overnight and early morning to contain any noise.

In support of my objection I attach the following:

⁽⁷⁾ Letters and signatures from my neighbours saying they have no objections to keeping 2 bantam roosters on my property.

Dated the 12th day of October 2026
⁽⁸⁾ M. Fraser

Person objecting

- (1) name of local government
- (2) full name of person objecting
- (3) postal address of person objecting
- (4) identify decision to which objection is made
- (5) give details of decision
- (6) give details of grounds of objection
- (7) plans, specifications, letters, notices, or other documents (if appropriate)
- (8) signature of person objecting

[Form 5 deleted: Gazette 30 Dec 2004 p. 7016.]

Letter of Support for the Keeping of Bantam Roosters at 136 Sixth Ave , Kendenup.

To Whom It May Concern,

I am writing this letter to express my full and unreserved support for my neighbour, Margaret Fraser, of 136 Sixth Ave, Kendenup to keep her bantam roosters on her property. As an immediate neighbour living at 140 Sixth Ave, Kendenup. 2019 – current. I am directly positioned to notice any noise or disruption, and I can confidently state that the roosters are not a nuisance.

Because bantams are a miniature breed, this rooster's crow is significantly quieter and less intrusive than that of a standard-sized bird. Margaret Fraser is an exceptionally responsible pet owner who takes proactive measures to manage the flock. These roosters are safely secured in a dark, coop overnight and is not let out until a reasonable hour in the morning, successfully eliminating early-morning wake-up calls.

Furthermore, the roosters play a vital role in the health and safety of the backyard flock. He acts as a natural protector against local predators, maintains harmony among the hens, and provides structure to the flock. The presence of these birds brings a wonderful sense of community to our street, and my neighbour frequently shares fresh eggs with those living nearby.

The ambient sounds of these bantam roosters are minimal and far less disruptive than routine suburban noises like lawnmowers, traffic, or barking dogs. I completely support Margaret Fraser

keeping her bantam roosters and respectfully urge the shire to grant any necessary permits or exemptions.

If you require any further validation or have questions regarding this matter, please do not hesitate to contact me directly via the details listed.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'T. Chitty', written in a cursive style.

Letter of Support for the Keeping of Bantam Roosters at 136 Sixth Ave, Kendenup.

To Whom It May Concern

I'm writing this note to give my full support to my neighbour, Margaret Fraser over at 136 Sixth Ave. I'm completely fine with her keeping her bantam roosters on her property.

I live next door at 140 Sixth Ave and have been here since 2021. Being the closest neighbour, I'd definitely be the first to know if there was any noise or trouble, but I can honestly say the roosters aren't an issue at all.

Since bantams are just little miniature birds, their crow is way quieter than a normal-sized rooster. Margaret is also a very responsible pet owner who manages her flock beautifully, ensuring they don't cause any early-morning wake-up calls for the neighbourhood.

Plus, the roosters actually do a great job looking after the rest of the chickens. They keep the hens calm, protect them from local predators, and keep the whole flock happy. Having them around gives our street a nice, friendly feel, and Margaret always drops by with fresh eggs for the neighbours, which everyone loves.

Honestly, the little bit of noise they make is nothing compared to everyday suburban sounds like lawnmowers, traffic, or barking dogs. I'm 100% behind Margaret keeping her roosters and really hope the shire grants her the permit.

If you need to ask me anything else about it, feel free to contact me at anytime on the details below.

Yours Sincerely

Letter of Support for the Keeping of Bantam Roosters at 136 Sixth Ave, Kendenup.

To Whom It May Concern

I'm writing this note to let you know that I fully support my ex neighbour, Margaret Fraser, keeping her bantam roosters at 136 Sixth Ave, Kendenup.

I used to live permanently at 140 Sixth Ave, Kendenup, 2019 until 2021 which is right near the flock, and I still return to house sit there for about 6 weeks every year. Because of my long history with the property and my regular stays there, I'm in a great position to know if these birds cause a disruption. I can honestly say they have never been a problem for me.

Bantam roosters are small birds, and their crow is nothing like the loud, booming sound you get from standard-sized roosters. It is a very soft, low-volume sound that blends right into the background. Margaret is great with animals and manages the flock excellently, so noise is never an issue during the times people are trying to sleep.

The roosters are also really helpful to have around. They keep the backyard hens organized, stress-free, and safe from local pests. Having a small flock on the street fits perfectly with the local area, and Margaret is a wonderful, neighbour to everyone around here.

The occasional quiet sound from these birds is far less noticeable than normal neighbourhood noises like power tools, passing cars, or dogs barking. I am completely happy for Margaret to keep the roosters and hope the Shire approves the permit.

Feel free to contact me using the details below if you need any more information.

Yours Sincerely

A Petition to the Plantagenet Council

The residents of Kendenup townsite seek an exemption from the current rules to allow the keeping of small livestock (poultry, including roosters) for the purpose of breeding and showing.
