Proposed Meeting Date:	31 October 2023

PURPOSE

The purpose of this report is to establish a procedure for dealing with complaints about alleged breaches of the behaviour requirements included in Division 3 of the Shire of Plantagenet Code of Conduct for Council Members, Committee Members and Candidates.

BACKGROUND

Council adopted a Code of Conduct for Council Members, Committee Members and Candidates in accordance with the Local Government (Model Code of Conduct) Regulations 2021 at its Ordinary Council Meeting on 23 February 2021.

Local Governments are required to establish a procedure for dealing with complaints about alleged breaches of the behaviour requirements included in the Code of Conduct for Council Members, Committee Members and Candidates.

A draft Policy based on the WALGA model is attached. The policy outlines a procedure for dealing with complaints based on the following key points:

- Delegated authority to the CEO appoint a Behaviour Complaints Officer to receive and withdraw complaints;
- Establish a Behaviour Complaints Committee of Council with delegated authority to deal with complaints.

Delegated Authority to the CEO

A delegation from Council to the CEO, providing authority to authorise persons to receive complaints and withdrawal of complaints, may provide flexibility. This would allow the CEO to make authorisations as necessary, to address staff changes, provide backup coverage, The CEO is currently the Behaviour Complaints Officer however delegating authority to the CEO to appoint a person based on the circumstances of the complaint would provide greater flexibility. This may include engaging an outside assessor to investigate a complaint.

Behaviour Complaints Committee

The Behaviour Complaints Committee is a Committee of Council established in accordance with s.5.8 of the Act for the purpose of dealing with complaints. A committee may be granted delegated authority to deal with complaints otherwise all complaints will be referred to full Council for determination.

11.1.7 LICENCE – MOUNT BARKER AMATEUR SWIMMING CLUB

File Ref: N62175
Responsible Officer: Julian Murphy
Chief Executive Officer
Author: Nicole Selesnew
Acting Manager Community & Recreation
Services
Proposed Meeting Date: 31 October 2023

PURPOSE

The purpose of this report is to seek the Council's endorsement of a licence between the Shire of Plantagenet and the Mount Barker Amateur Swimming Club Incorporated (MBASC) for the Mount Barker Memorial Swimming Pool Function Room.

BACKGROUND

The MBASC is based at the Mount Barker Memorial Swimming Pool and hosts approximately 70 members. The Club has been in existence for several decades.

Since its inception the Club has utilised the pool to host training, club days and regional swim meets. Club meetings were often held at private properties or hospitality venues.

In 2022, Stage 1A of the upgrades to the pool was completed which included a designated function room at the western end of the new complex. A draft Licence Agreement for the MBASC's use of the function room space was prepared, providing access to the room for set time periods on two days per week plus an additional day per month for time trials. Access to the room at other times was through a booking with Pool Management. The Licence term was for five years.

The draft Licence Agreement was presented to the Council.

At its meeting held on 21 February 2023, the Council resolved:

'That:

- 1. The item be adjourned to enable the CEO to engage with the Mount Barker Amateur Swim Club to establish how assignment of financial responsibility for damage to / or repairs of facilities/equipment hired by the Swim Club will be managed.*
- 2. A further report be brought back to the Council at its meeting to be held on 28 March 2023.'*

Consultation was undertaken with the MBASC President on 24 February 2023 to provide clarity as directed by the Council. The revised Licence Agreement was presented to the Council.

At its meeting held on 28 March 2023, the following Council recommendation was lost:

‘That authority be granted to the Shire President and the Chief Executive Officer to affix the Common Seal of the Council to the Licence Agreement (as attached) between the Shire of Plantagenet and the Mount Barker Amateur Swim Club for the Mount Barker Memorial Swimming Pool Function Room.’

The Council requested the matter be referred back to the Recreation Advisory Committee to review the document and provide clarity.

In the interim, the Acting Manager Community and Recreation Services met with the MBASC to discuss the Licence Agreement and use of the Function Room space. Club representatives explained that the shared use of the Function Room made it a difficult space for them to utilise.

These difficulties included having to pack away swimmers’ times, records and training programs after each session instead of having them displayed, for easy reference by swimmers and coaches, throughout the season. Further, the on-site storage is unsecure so Club records and administrative documents could not be stored in the Function Room. Instead, the MBASC broached the idea of building a Clubroom as part of a store-room facility to be considered in Stage 1B of the pool redevelopment plans.

The Function Room was sparsely utilised by the Shire and community throughout the 2022/2023 pool season, with an estimated four uses.

The item was not presented to a Recreation Advisory Committee. However, it was discussed at a Council Forum held on 14 September 2023. The Council was advised of the difficulties associated with the Function Room used as a shared space, resulting in the area being under-utilised by the MBASC, Shire and community.

The Council was asked to review the use of the Function Room and to confirm if the use of the space was an area for occasional community hire and Shire use, or whether the space was intended for use as a MBASC Clubroom during the pool season and by the community and Shire during the pool closure period.

The preference from the Forum was to investigate the use of the Function Room as a MBASC Clubroom throughout the pool season, with the space reverting back to the Shire for Shire and community use during the pool closure period.

EXTERNAL CONSULTATION

Consultation has taken place with the President of the MBASC to ascertain the Club’s needs and requirements for a Clubroom space.

STATUTORY ENVIRONMENT

Local Government Act 1995 – Section 3.58 applies to the disposition of property, including leasing. Under the Local Government (Functions and General) Regulations a disposition of land is an exempt disposition and is excluded from the application of Section 3.58, if:

‘the land is disposed of to a body, whether incorporated or not – the objects of which are charitable, benevolent, religious, cultural, educational, recreational, sporting or

other like nature; and members of which are not enlisted or permitted to receive a pecuniary profit from the body's transactions.'

As such, the licence to the MBASC would be an exempt disposition.

OFFICER COMMENT

To transition the use of the Function Room space to a Clubroom, managed by the MBASC throughout the pool season, will require a formal agreement. A Licence Agreement is the preferred instrument.

The components of a Licence Agreement that have been discussed with the MBASC President include:

- Purpose: MBASC Clubroom
- Annual fee: \$500.00 bond and \$500.00 + GST per annum, with an annual 3% increase
- Term: 5 years with a 5-year option
- MBASC exclusive use of the Clubroom during the pool season including a 'shoulder period' of two weeks prior to and following the season to enable the Club to set up / pack up
- Shire and community access to the Clubroom throughout the pool season by appointment, through the MBASC, with access not unreasonably withheld. No fees applicable to the Shire, however, a fee may be charged for community use
- MBASC exclusive use of the Clubroom to cease following the shoulder periods and the Shire to become the managing authority over the space. MBASC may access the space for committee meetings or training sessions in consultation with the Shire
- A number of distinct areas apply to the Licence:
 - Clubroom (including adjoining storeroom) – exclusive MBASC access during the pool season and shoulder periods
 - External Storeroom (located in the breezeway, adjacent to the Clubroom and toilet) – exclusive MBASC access year round
 - Breezeway and adjacent toilet – common area shared with the Shire and
 - Remainder of the pool site – restricted area which can only be accessed when there is a Shire endorsed lifeguard on site.

A Licence Agreement for the 2023 pool season is preferred. The pool season is expected to commence on 30 October 2023.

11.2 DEVELOPMENT SERVICES REPORTS

11.2.1 LOCAL ROADS AND COMMUNITY INFRASTRUCTURE PROGRAM PHASE 4 NOMINATIONS

File Ref:	N62230
Responsible Officer:	Delma Baesjou Manager Development Services
Author:	Samantha McLean Development Services Projects Coordinator
Proposed Meeting Date:	31 October 2023

PURPOSE

The purpose of this report is for council to approve the priority projects for funding under the Local Roads and Community Infrastructure Program (LRCIP) – Phase 4.

BACKGROUND

In 2019, the Shire of Plantagenet began working with Outdoors Great Southern (formerly GSCORE) and the Department of Biodiversity, Conservations and Attractions to develop trail networks within our Local Government area. A Plantagenet Trails Masterplan was developed and identified key areas within the Shire to develop and build trail networks. One identified location to develop was Tower Hill / Pwakkenbak for the community and visitors to the region. The plan outlined an overview, objectives and an implementation process moving forward on this project.

Since the creation of the plan, Shire staff have been progressing this project and successfully partnered with DBCA to for the construction network of trails on Tower Hill / Pwakkenbak. There is a budget allocation of \$370,000 in the 2023/2024 annual budget to move to the next stage of the project, being infrastructure. This consisted of a carpark, ablutions and shelter / seated area, as identified in the Master Plan.

On 21 February 2023, at the CEO Forward Planning Q3 Workshop, the Council considered the nominations of the Shire of Plantagenet's projects for the Local Roads and Community Infrastructure Program (LRCIP) Phase 4, previously known as LRCIP Phase 3 – Extension. From this workshop the following projects were identified:

Quangellup Road – Seal SLK 4.785 – 8.24	\$280,000
Nindiup Road – Seal Full length	\$200,000
Ferry Road – Seal part	\$100,000

This totalled an amount of \$580,000 proposed to be spent on the above projects. Against a total anticipated funding amount of \$603,014 allocated, an amount of \$23,014 would be left to be appointed prior to the nominations being submitted.

On 3 May 2023, correspondence from the honourable Catherine King MP – Minister for Transport Regional Development and Local Government was received advising that the Shire of Plantagenet would be receiving \$950,846 of LRCIP Phase 4. This new allocation came with revised guidelines stating that the \$603,014 could be used for road and community infrastructure projects and the \$347,832 was only allowed to be allocated toward roads.

BACKGROUND

Reserve 15133 comprises the two Lots 3569 and 3570, located on Porongurup Road, Porongurup, and accommodates the Porongurup Hall. The original school building was erected in 1913. Additions and recladding occurred over time. A re-survey undertaken in 2020 revealed that the existing building straddles the common boundary between the two lots.

EXTERNAL CONSULTATION

STATUTORY ENVIRONMENT

Part 4 of the Land Administration Act 1997 is applicable to this report.

POLICY IMPLICATIONS

Policy implications do not apply for this report, and it is the opinion of the author that policy development is not required.

OFFICER COMMENT

The existing hall is predominantly located on Lot 3570 but encroaches across Lot 3569. The existing structure does not meet the setback requirements and is not an orderly development. There are also implications under Building and Health legislation which could jeopardise the proposed upgrade. The staff have conferred with the

OFFICER COMMENT

At the Council Forum held on 10 October 2023, a report was presented to Councillors to discuss proposed amendments to this year's road construction programme. The following proposals were endorsed subject to formal budget amendment.

Martagallup Road SLK 5.10 to 10.65

As a Roads 2030 road, Martagallup Road qualifies for Regional Road Group (RRG) funding. Funds to reseal this section of road in 2023/24 for \$158,490 have already been approved by Main Roads. RRG funding is two thirds state and one third local government as shown below.

Main Roads Grant	105,660
Shire of Plantagenet	52,830

	158,490
	=====

After further investigation by Works staff, additional works were identified as being required to ensure the seal was successful. This work included shoulder and edge maintenance, repair of approximately 500m² of pavement failures, stabilising and then a reseal. The revised budget is \$379,738 with a breakdown as follows:

Main Roads Grant (subject to confirmation)	253,159
Shire of Plantagenet	126,579

	379,738
	=====

Mitchell Street – SLK 0 to 2.35

\$79,128 was allocated to the Mitchell Street project using Roads to Recovery funds (RTR) for construction of 'additional width for dual use path'. The path is intended to be part of the O'Neill Road to Woodlands Road trail which links the Mount Barker townsite to the south side of the Porongurup National Park.

A review by Works staff identified factors which needed additional review. These factors included the actual scope of work; concern for the lack of a connecting path from Lowood Road; the alignment of the intersection of Lowood Road, Mitchell Street and the location of the railway track/crossing to the proposed path. The car park adjacent to the railway caused concern also with a need for planning and possible negotiation with Arc Infrastructure.

It is recommended that this project be deferred until a detailed scope and plan is established and all approvals have been obtained. This project may possibly need a staged approach due to the work required.

Seventh Avenue SLK 0.72 to 0.92 and Newman Street SLK 0.91 to 1.05

A section of Seventh Avenue and Newman Street respectively border the Kendenup Primary School (see Attachment One). Parents use these two one-way roads to drop children off at school and continue around to Chauvel Road. Currently both sections of road are unsealed.

Sealing of these two sections of road would significantly reduce requests from the school and parents for maintenance. Also, dust would be reduced for both school goers and nearby neighbours. As part of the road upgrade, drainage renewal would be carried out and the car park on Seventh Avenue used by parents would be sealed and line marked. These two projects are listed on the indicative Council Five Year Road Programme for 2024/25 so are being brought forward by twelve months.

The RTR funds of \$79,128 from Mitchell Street could be allocated to this project for completion in 2023/2024.

Yellanup Road SLK 19.51 to 24.00

\$116,667 was allocated to reseal this western end section of Yellanup Road (Morande Road intersection to Chester Pass Road). Further investigation revealed this amount was not sufficient for the scope of work and that external funding could be applied for. The revised cost to complete the project is \$364,871. Commodity Route Funding for 2024/25 has been sought. Therefore, this road project should be removed until grant funding confirmation is received.

View Range Road SLK 3.75 to 8.15

Work to resheet this section of View Range Road commenced in 2022/2023 with RTR funding. Due to unsuitable weather conditions, the work was not completed, and it was suggested this project be carried over to 2023/24. Gravel is available nearby to finish the work which is estimated at three days at a cost of \$24,000 using Council funds.

Quangellup Road, Nindiup Road and Ferry Road

These three projects were originally proposed for Local Roads and Community Infrastructure Programme Phase 4 (LRCIP4) funding in 2022/2023. No allocation has been made in the 2023/2024 budget. As a result, no application has been made to the Department of Infrastructure, Transport, Regional Development, Communications, and the Arts (DITRDCA) for funding.

Support and reasoning for these projects is discussed by the Development Services Project Coordinator and the Manager Development Services in the LRCIP report presented at this meeting.

The three road projects are intended to be solely funded by the \$950,846 nominal funding contribution as detailed below:

Quangellup Road SLK 4.785 to 8.24 – seal	\$280,000
Nindiup Road SLK 0 to 1.00 – seal	\$200,000
Ferry Road – SLK 0 to 1.32- seal	\$100,000

	\$580,000
	=====

Langton Road- Flush Kerbing

Carried over to 2023/2024, this project was included in the 2022/2023 road programme after a budget review was presented and approved at the Council Meeting of 21 February 2023. \$14,000 was allocated to prepare and install flush kerbing on the south side of Langton Road.

After feedback following public consultation, it was recommended that the proposed Langton Road upgrade be put on hold until options could be developed further for

Council consideration. Therefore, it is recommended the funds be allocated to other projects.

Lowood Road North – streetscaping projects

The streetscaping project to install and plant the median islands on Lowood Road was completed in 2022/2023. Therefore, the remaining funds of \$22,670 (\$17,888 and \$4,782) can be allocated to other projects.

Lowood Road SLK 1.542

Originally approved in the 2021/2022 budget, this drainage project has been carried over to 2023/2024. It is recommended that further investigation be carried out to determine the efficacy of this project and the \$35,779 be reallocated.

Narpund Road

Originally approved as part of the 2020/2021 budget, this project has been carried over in previous years to 2023/2024. Investigation has confirmed insufficient funds to carry out an unnecessary project. It is recommended \$52,547 be reallocated.

New Drainage Projects

The item Drainage – Construction for \$170,000 has been put into the budget as a placeholder for drainage projects. The following drainage projects are recommended:

Pettit Rise SLK 0.67 - install new culvert	\$46,000
Jutland Road SLK 3.33 - install new culvert	\$29,500
Ford Road SLK 0.68 - upgrade existing culvert	\$39,900
Costello Road SLK 0.60 to 0.80 - gravel resheet and drainage improvement	\$30,000
Stoney Creek Road SLK 0.64 - install new culvert	\$9,000
Quangellup Road SLK 7.65 - install new culvert	\$5,000

	\$159,400
