

TRADING IN PUBLIC PLACES

Purpose

This policy seeks to:

- activate public spaces in a manner that contributes to the vibrancy and vitality of the surrounds;
- facilitate opportunities for small business traders on local government land in a way that adds to public enjoyment;
- limit the impact (both real and perceived) to existing local businesses within the townsite and/or locality because of traders;
- provide direction to Shire staff in assessing applications for trading in public places, in accordance with the *Shire of Plantagenet Activities on Thoroughfares and Public Places and Trading Local Law 2008*; and
- provide a clear set of conditions for operators to trade under.

Scope

Both the Food Act 2008 and the Shire of Plantagenet Activities on Thoroughfares and Public Places and Trading Local Law 2008 require traders to obtain a permit for trading and selling food.

This policy applies to all public places within the Shire of Plantagenet and all businesses and individuals seeking to use public places to operate a mobile or temporary business for financial gain.

This policy does not apply to the following:

- where the trader is part of an approved event or market, an approved outdoor eating facility or use of Shire land under a lease arrangement.
- a 'produce stall' within private property; and
- trading from a private property strictly under the consent of the landowner (food business certification is still required if selling food and drinks).
